Violence Unveiled Humanity At The Crossroads:

Violence Unveiled Gil Bailie, 1997 Shows how the system of sacred violence at the heart of the conventional culture is being undermined by the biblical tradition especially the Gospel From Misery to Hope Joe Egan, 2010 How can one believe in a God of love amid all the evil and suffering found in the world How does one do theology after Auschwitz while vast numbers of people still have to endure violent oppression every day This book seeks to address such questions from a standpoint informed by life in Africa which in the face of extraordinary difficulties bears witness to Gospel hope by demonstrating forgiveness in action and promoting reconciliation The work unfolds in two parts In the first part a description of the misery that characterises much of life in Africa in the recent past opens up to a theological consideration of the underlying causes and of God's response to them In the second part the joy which is so characteristic of life in Africa even in places of immense suffering sets the scene for detailed reflections on liturgy memory forgiveness and hope **Violence**

Unveiled Gil Bailie, 1995 Shows how the system of sacred violence at the heart of the conventional culture is being undermined by the biblical tradition especially the Gospel **The Global Resurgence of Religion and the Transformation of International Relations** S. Thomas, 2005-02-04 This book is about the global resurgence of culture and religion in international relations and how these social changes are transforming our understanding of International Relation theory and the key policy related issue areas in world politics It is evident in the on going debates over the root causes of 9 11 that there are many scholars journalists and members of the public who still believe culture and religion can be explained away by appeals to more basic economic social or political forces in society Therefore The Global Resurgence of Religion and the Transformation of International Relations presents an argument for taking culture and particularly religion as social forces that are important for understanding world politics in the post Westphalian era **The Palgrave Handbook of**

Mimetic Theory and Religion James Alison, Wolfgang Palaver, 2017-10-19 The Palgrave Handbook of Mimetic Theory and Religion draws on the expertise of leading scholars and thinkers to explore the violent origins of culture the meaning of ritual and the conjunction of theology and anthropology as well as secularization science and terrorism Authors assess the contributions of Ren Girard's mimetic theory to our understanding of sacrifice ancient tragedy and post modernity and apply its insights to religious cinema and the global economy This handbook serves as introduction and guide to a theory of religion and human behavior that has established itself as fertile terrain for scholarly research and intellectual reflection *James Alison and a Girardian Theology* John P. Edwards, 2020-05-14 Opening with a Foreword by James Alison this volume is the first in depth treatment of Alison's theological method John P Edwards shows that Alison's theological project outstrips Ren Girard's application of mimetic theory to theology He concludes that an explicitly Christian theological perspective is necessary for providing a fully coherent account of Girard's notions of conversion and mimetic desire This volume grounds Alison's theological method in his understanding of the ongoing interaction between conversion and theological reflection

which is informed by his use of mimetic theory While Alison describes this method as theology in the order of the discovery the author refers to it as an inductive theology The volume closes by demonstrating that such a theology bears fruit in a renewed understanding of the value of Christian doctrines and particularly the doctrine of revelation **Murdering Myths** Judith W. Kay, 2005-06-03 In *Murdering Myths The Story Behind the Death Penalty* Judith Kay goes beyond the hype and statistics to examine Americans deep seated beliefs about crime and punishment She argues that Americans share a counter productive idea of justice that punishment corrects bad behavior suffering pays for wrong deeds and victims desire for revenge is natural and inevitable Drawing on interviews with both victims and inmates Kay shows how this belief harms perpetrators victims and society and calls for a new narrative that recognizes the humanity in all of us **Contemporary Yoga and Sacred Texts** Susanne Scholz, Caroline Vander Stichele, 2024-09-10 This book explores the textual traditions that authorize the history legitimacy and authenticity of today s physical posture practice The volume focuses on why and how yoga communities have adopted various texts that they consider sacred or spiritually meaningful Among the texts discussed are Yogananda s *Autobiography Sri Aurobindo s Savitri Patanjali s Yoga Sutra the Bhagavad Gita the Hatha Yoga Pradipika the Upanishads the Vedas and the Yogin Tantra* Famous thinkers included are Aurobindo Yogananda Osho Rajneesh Sogyal Rimpoché Charles Johnston and Howard Thurman Offering a starting point the ten chapters address the nature selection and function of various ancient and contemporary texts read in contemporary yoga settings The attention centers on how and why texts are read and for whom they are read As yoga is practiced in ashrams yoga studios gyms meeting rooms and even private living rooms scholarly approaches to investigate the connections between yoga and texts are necessarily diverse This volume aims to inspire further scholarship on the reading of texts in past and present yoga communities The collection demonstrates that textual traditions deserve to be an important part of contemporary yoga scholarship The volume will therefore be of great interest to scholars of religious studies yoga studies and Asian studies as well as those studying sacred texts **Violence Renounced** Willard M. Swartley, 2000 *Violence, Hospitality, and the Cross* Hans Boersma, 2004 Offers a new model for understanding the atonement sensitive to both the Christian tradition and its postmodern critics **Literature and Belief**, 1997 **American Literary Women**, 1995 Girard and Theology Michael Kirwan, 2009-04-12 No Marketing Blurb *Bystanders* Victoria Barnett, 1999-06-30 A systematic study of bystanders during the Holocaust which analyzes why individuals institutions and the international community remained passive while millions died The work illustrates the terrible consequences of indifference and passivity towards the persecution of others **Telos**, 1999 **Ethics as Grammar** Brad J. Kallenberg, 2001 This text uses the work of ethicist Stanley Hauerwas as a foil for showing how Wittgenstein s method can become concrete in the Christian tradition It shows that Wittgenstein s aim to cultivate concrete skill in people was akin to Aristotle s emphasis on the relationship of reason and ethics **Unveiling Empire** Wes Howard-Brook, Anthony Gwyther, 1999 Confused by end of the world readings or put off by the dense and

mysterious imagery many readers hesitate to explore the Book of Revelation Unveiling Empire offers a new entrance into this troubling and controversial book of the Bible by examining the roots and social purposes of apocalyptic literature and Revelations own use of traditional imagery In this way the authors provide readers with the tools for deciphering the texts message and its urgent applications for Christians today living amidst a new kind of empire The Broken Image Pat Collins,2002 Post modern culture is like a broken mirror Secular and religious certainties are fragmenting All that seems to remain are jagged shards that can only reflect partial truths In this book Pat Collins reflects on a variety of contemporary issues in the light of Christian spirituality *Church and Democracy in West Africa* Catholic Institute of West Africa. Theology Week,2003 *Current Contents* Institute for Scientific Information (Philadelphia),1997
