This collection of 32 modernised versions of The Canterbury Tales which appeared in the 18th century offers basic material for studying the history of attitudes to Chaucer and Chaucer scholarship during the period. Reception data so precise and extensive is available only for Chaucer among English authors. At least seventeen known and anonymous writers produced thirty two modernised Canterbury tales during the century plus tale links and adaptations of each other's work. The present collection contains only modernisations that have not seen print since 1796 thus excluding those by Pope and Dryden. Although most works in this collection may be examined further in several British and American libraries others cannot. Apparently only one copy has survived of an anonymous Miller's Tale 1791 with a thoughtful preface justifying the tale's overt sexuality published just as William Lipscomb was completing his 1795 edition that in its preface justifies exclusion from the pilgrimage of the notorious tales of Miller and Reeve. Such contrasting attitudes illustrate the dangers of generalisation about the usual reception or interpretation of Chaucer during this or any other socio historic period. Instead the collection provides an untapped reservoir of material with which to investigate anew the rich complexity of his poetry and its enduring appeal.

BETSY BOWDEN is Professor of English at Rutgers University New Jersey. **Scientific American**, 1900. The Moving Picture World, 1908. **History Of The Andaman Islands** PRONOB KUMAR SIRCAR, 2021-11-09. History of the Andaman Islands. *Unsung Heroes and Untold Stories* is different and unique, unearthing many riddles and facts of Indian and Andaman history. The book is an outcome of the decades long research on the soil of the Andamans by an Andaman born ethno historian. Andaman History is neither only of pirates and aborigines nor about the land of fishes, corals and beaches alone. It is larger, longer, more various, more beautiful and more terrible than anything anyone has ever said about it. The diverse historical events have left their mark as a reminder of some good and some bad times of tragedy and hope of atrocity and courage in the face of it of great acts of sacrifice and bravery so much so that the saga of sacrifice and the martyrdom beginning from the freedom struggle of 1857 to end with the freedom in 1947 can never be forgotten. Despite the unpleasing fact that a large part of the history records were burnt by the Japanese in the Andamans, writing with verve and extraordinary range, the author dividing the book into three parts: Time, People and Place, exclusively unravels the riddles of the history especially pertaining to the untold heroes of the Indian Mutiny of 1858, the unforgettable events, the unsung stories, the aboriginal attacks and the reasons thereof, the witnessed tales of the torture, the sacrifice and the massacres. Apart from its enlightening role, the book by giving unexpected important clues about the people lost in wars and struggles establishes a sentimental value in the hearts of their descendants.
