Brockhaus (Firm), 1906 *Structures of Epic Poetry* Christiane Reitz, Simone Finkmann, 2019-12-16 This compendium 4 vols studies the continuity flexibility and variation of structural elements in epic narratives It provides an overview of the structural patterns of epic poetry by means of a standardized stringent terminology Both diachronic developments and changes within individual epics are scrutinized in order to provide a comprehensive structural approach and a key to intra and intertextual characteristics of ancient epic poetry *Venantius Fortunatus: Vita Sancti Martini Prologue and Books I-II*, 2020-02-13 This volume provides a new critical text of the Prologue and the first two books of Venantius Fortunatus Vita Sancti Martini a work written in the latter half of the sixth century which paraphrases in epic verse the famous prose hagiography of St Martin by Sulpicius Severus This edition offers the first English translation of and the first full commentary on that part of Venantius poem Venantius was one of the last writers in a recognisably classical Latin tradition and his Vita affords a fascinating insight into the language and literary culture of his time It is however a deceptively allusive and difficult poem and the introduction and commentary of this book deal extensively with matters of exegesis textual criticism language metre and much else It will be valuable for students of the literature and culture of late Latin antiquity and for those interested in early Christianity and hagiography **Systematisches Verzeichnis**

Kommentar zu den simonideischen Versinschriften Andrej Petrovic, 2007-04-30 The work concerns 15 epigraphic and or verse inscriptions handed down from the writers of the 5th and 4th centuries BC These inscriptions were probably commissioned from Simonides of Keos The commentaries on the individual verse inscriptions form the centre of the investigation Each commentary is introduced by a text for the sake of orientation concerning the epigram in question by a brief apparatus criticus and by a review of the relevant secondary literature The historic literary and when possible architectural contexts are taken into consideration in the interpretations The first part of the book includes studies on the

archaic and classical epigram in the public space on the sources and transmissions of the oldest Simonidean verse inscriptions and on the status quaestionis regarding the authenticity of the claims of authorship The concluding observations deal with epigrammatic competitions and with the historical reception of the verse inscriptions in the public space Die Arbeit widmet sich 15 epigraphisch und oder bei Autoren des 5 und 4 Jhs v Chr berlieferten Versinschriften die vermutlich bei Simonides von Keos in Auftrag gegeben wurden Den Kern der Untersuchung bilden die Kommentare zu einzelnen Versinschriften Ein zur Orientierung gedachter Text des jeweiligen Epigramms ein knapper kritischer Apparat und ein Überblick über die Sekundärliteratur leiten die einzelnen Kommentare ein In der Deutung werden die historischen literarischen und wenn möglich architektonischen Kontexte berücksichtigt Der erste Teil des Buches umfasst Studien zum archaischen und klassischen Epigramm im öffentlichen Raum zu den Quellen und zur Überlieferung der ältesten simonideischen Versinschriften und zum status quaestionis bezüglich der Zuschreibungen Der abschließende Ausblick gilt epigrammatischen Wettbewerben und der historischen Rezeption der Versinschriften im öffentlichen Raum

Metaphysics and Hermeneutics in the Medieval Platonic Tradition Stephen Gersh, 2020-11-09 Metaphysics and Hermeneutics in the Medieval Platonic Tradition consists of twelve essays originally published between 2006 and 2015 dealing with main trends and specific figures within the medieval Platonic tradition Three essays provide general surveys of the transmission of late ancient thought to the Middle Ages with emphasis on the ancient authors the themes and their medieval readers respectively The remaining essays deal especially with certain major figures in the Platonic tradition including pseudo Dionysius the Areopagite Iohannes Scottus Eriugena and Nicholas of Cusa The principal conceptual aim of the collection is to establish the primacy of hermeneutics within the philosophical program developed by these authors in other words to argue that their philosophical activity substantially albeit not exclusively consists of the reading and evaluation of authoritative texts The essays also argue that the role of hermeneutics varies in the course of the tradition between being a means towards the development of metaphysical theory and being an integral component of metaphysics itself In addition such changes in the status and application of hermeneutics to metaphysics are shown to be accompanied by a shift from emphasizing the connection between logic and philosophy to emphasizing that between rhetoric and philosophy The collection of essays fills in a lacuna in the history of philosophy in general between the fifth and the fifteenth centuries It also initiates a dialogue between the metaphysical hermeneutics of medieval Platonism and certain modern theories of hermeneutics structuralism and deconstruction The book will be of special interest to students of the classical tradition in western thought and more generally to students of medieval philosophy theology history and literature CS1094
