Reading theory references form original sources

My dear students,

I think that it's time for you to start exploring grammar books. I'd like you to download at least three. Of course, you can download more if you want, but in my humble opinion, these three ones are the best.

Following this link <https://epdf.pub/queue/longman-student-grammar-of-spoken-and-written-english.html>, you can get two of the three books. It's a safe page and you can get the books totally free.

The first one is *Longman Student Grammar of Spoken and Written English* and the other one is *Fundamentals of English Grammar*.

LONGMAN STUDENT
GRAMMAR OF SPOKEN

LONGMAN
FUNDAMENTALS ENGLISH

In the same page, you'll find these other two: *Longman English Grammar* and *Longman English Grammar Practice* (I used them when I was a student like you ☺) the first one contains all the grammar reference and the other one, just brief notes of theory reference and a lot of activities to practice. As they are pretty old, they don't make any reference to new approaches of grammar teaching. But if you want, feel free to download them.
