cozy mystery packs quite a whollop in its short form with a marvellously different story genuinely warm characterization and amusing injections Goodreads reviewer Okay now this is a vampire romance done right Harris should be claiming some sort of title over the genre of vampire novels period Goodreads reviewer IT S FANG TASTIC Goodreads reviewer This book is amazing And there is so much more insight to the characters than in the show Just little things quirks Personalities shine brighter in the book You really get a sense of who these people are I couldn t put this book down and couldn t wait to start the next one Goodreads reviewer This was such an incredible book The story was richly done with great laughs action and a touch of mystery The characters are what truly make this a standout series They are all well thought out and well developed making them easy to love and enticing enough to make sure you continue with their journey Goodreads reviewer *El*
