Violence Detat Andr Blanc:

Narrative is the Essence of History John Cameron, 2012-03-15 The historical novel has had a very interesting history itself During the 19th century the historical novels of Scott Hugo Thackeray Dickens Tolstoy and a host of other writers enjoyed both popular success and critical admiration Success has never really died out but admiration has been another matter During the 20th century historical fiction began to be disparaged by critics who looked down on the genre and its elements of romance adventure and swashbuckling This disparagement reached such a pitch that Robert Graves author of I Claudius and Claudius the God felt compelled to say that he wrote these novels only because of pressing financial needs As the century wore on the genre began to move in a variety of interesting ways and reached even larger audiences Some critics have continued to look down on the genre but a growing number of historical novels have begun to receive wide critical praise The Roman historian Ronald Syme once wrote that narrative is the essence of history What is the essence of historical fiction Why does it continue to be such a popular and resilient genre What is the history of historical fiction What is its future

Façonné par la Haine, l'Exclusion et le Racisme Tarcisse Ruhamyandekwe, 2024-05-17 Ce livre raconte l histoire de Tarcisse Ruhamyandekwe dont le parcours a commenc sa naissance au Rwanda Dans sa vie il a v cu tellement d actes d exclusion de discrimination et de racisme que sa premi re r action tait toujours de les ignorer Ce n tait pas normal

mais c'était acceptable. Ce comportement était en quelque sorte le résultat de sa vie en général. L'exclusion, la discrimination et le racisme étaient présents dans le début de sa vie. Il est né au Rwanda, alors un pays où le racisme était violent et qui a culminé avec l'horrible génocide contre les Tutsis en 1994. Entre l'âge de cinq et sept ans, il a vu des soldats du régime politique postcolonial emmener son père au milieu de la nuit sous la menace d'armes feu, simplement parce qu'il était Tutsi. Entre l'âge de sept et treize ans, on lui demandait régulièrement de se lever et de rejoindre son groupe ethnique Tutsi en classe. Au début de la vingtaine, il a été expulsé de l'Université nationale du Rwanda et s'est exilé à cause de son groupe ethnique. Au milieu de la vingtaine, il était un étudiant sans papiers constamment soumis des noms préjoints au Zaïre et à la fin de la vingtaine, il était un réfugié sans pays au Swaziland. Avec ce bagage, le traiter de négro dans la quarantaine au Canada n'était pas une insulte qui allait changer sa vie. Mais un racisme sournois allait le priver d'opportunités incroyables dans une société où la vie dépend grandement de la performance financière. Il a alors compris que pour une personne noire au Canada et qui plus est immigrante, la fenêtre d'opportunités est si petite que non seulement vous avez un temps limité pour la saisir, mais également besoin de compétences spécifiques pour réussir et non sombrer dans un environnement hostile. Mais à la fin, ceux qui ont mis des difficultés et des embûches dans sa vie ont fait de lui une meilleure personne, plus forte, plus compatissante et plus résiliente.

Honoré, 1993. Cet ouvrage réunit des textes très divers autour de thèmes de réflexion européens qui se situent dans une actualité en évolution. Il est divisé en deux parties : la première est centrée sur la Suisse, sur sa place non négligeable en Europe et sur les incidences des politiques européennes sur sa politique d'immigration et d'asile ; la seconde propose une réflexion sur ce qui sous-tend la mise en place de mesures limitant la circulation des personnes en provenance de pays non européens : exclusion, racisme, refus d'une société multiculturelle. En effet, on parle de libre circulation, mais les systèmes de sécurité mis en place font de cette liberté de mouvement une illusion pour tous ceux qui n'ont pas la chance d'avoir un passeport européen et surtout pour les ressortissants d'Europe de l'Est et du tiers monde fuyant la violence et la misère. Chaque jour apporte de nouveaux changements ce dossier européen, mais le but de ce livre n'est pas tant d'établir une chronologie des débats sur l'Europe que de dévoiler l'esprit et les enjeux des accords de Schengen qui précèdent la construction d'une Europe où dit-on les personnes pourront circuler librement. Même si les conditions d'application des Accords changent, l'esprit reste malheureusement le même.
