Virginia Woolf (1882-1941) an English novelist and critic who made an original contribution to English Novel. Modern fiction is an essay by Virginia Woolf. This essay was written in 1919 but published in 1921 with a series of short stories called Monday or Tuesday. The essay is the criticism of writers and literature from the previous generation. It also acts as a guide for writers of modern fiction to write what they feel, not what society or publisher want them to write.

Virginia Woolf's "Modern Fiction" details how modern fictional writers and authors should write what inspires them and not to follow any special method. She believed that Writers are constrained by the publishing business, by what society believes literature should look like and what society has dictated how literature should be written. Woolf believed it is a writer's Job to write the complexities in life, the unknown, not the important things.

Modern fiction is one of the most effective seminar essays in criticism which makes a clear break of modern fiction from the Victorian novel. Mrs. Woolf first traces the progress of the novel from its beginning in the 18th Century. But she traces it on basis of the philosophy of evaluation in general. According to her, the earlier novelists really did what they actually could within their limited means. With their simple tools and primitive materials, it might be said "Dickens did well and Jane Austen even better."

Literature, according to T.S. Eliot, is like everything else, a process which makes the present. This is why, it does not just improve, it always keep changing. Its material is not same. Mrs. Woolf agrees with Eliot on this point and says:

"We do not come to write better, we only keep on moving now a little in this direction, now in that but with a circular motion."

Says Virginia Woolf, "It is for the historian of literature to judge whether the modern novel has really progressed from its early babblings." As a critic, she naturally upholds her "right to judge the past with debt as well as doubt."
