Virtual Politics Faking Democracy In The Post Soviet World:

Virtual Politics Andrew Wilson, Professor of the Archaeology of the Roman Empire Andrew Wilson, 2005-01-01 States like Russia and Ukraine may not have gone back to totalitarianism or the traditional authoritarian formula of stuffing the ballot box cowing the population and imprisoning the opposition or not obviously But a whole industry of political technology has developed instead with shadowy private firms and government fixers on lucrative contracts dedicated to the black arts of organizing electoral success This book uncovers the sophisticated techniques of the virtual political system used to legitimize post Soviet regimes entire fake parties phantom political rivals and scarecrow opponents And it exposes the paramount role of the mass media in projecting these creations and in falsifying the entire political process Wilson argues that it is not primarily economic problems that have made it so difficult to develop meaningful democracy in the former Soviet world Although the West also has its spin doctors dirty tricks and aggressive ad campaigns it is the unique post Bolshevik culture of political technology that is the main obstacle to better governance in the region to real popular participation in public affairs and to the modernization of the political economy in the longer term

Virtual Politics - Faking Democracy in the Post-Soviet World Andrew Wilson, 2018-08-14 States such as Russia and Ukraine may not have gone back to totalitarianism or the traditional authoritarian formula of stuffing the ballot box But a whole industry of political technology has developed instead with shadowy private firms and government fixers on lucrative contracts dedicated to the black arts of organising electoral success This book uncovers the sophisticated techniques of the virtual political system used to legitimise post Soviet regimes entire fake parties phantom political rivals and scarecrow opponents And it exposes the paramount role of the mass media in projecting these creations and in falsifying the entire political process Wilson argues that it is not primarily economic problems that have made it so difficult to develop meaningful democracy in the former Soviet world Although the West has seen its spin doctors dirty tricks and aggressive ad campaigns it is the unique post Bolshevik culture of political technology that is the main obstacle to better governance in the region to real popular participation in public affairs and to the modernisation of the political economy in the longer term

The Dynamics of Democratization Nathan J. Brown, 2011-07-01 The explosive spread of democracy has radically transformed the international political landscape and captured the attention of academics policy makers and activists alike With interest in democratization still growing Nathan J Brown and other leading political scientists assess the current state of the field reflecting on the causes and diffusion of democracy over the past two decades The volume focuses on three issues very much at the heart of discussions about democracy today dictatorship development and diffusion The essays first explore the surprising but necessary relationship between democracy and authoritarianism they next analyze the introduction of democracy in developing countries last they examine how international factors affect the democratization process In exploring these key issues the contributors ask themselves three questions What causes a democracy to emerge and succeed Does democracy make things better Can

democracy be successfully promoted In contemplating these questions The Dynamics of Democratization offers a frank and critical assessment of the field for students and scholars of comparative politics and the political economy of development Contributors Gregg A Brazinsky George Washington University Nathan J Brown George Washington University Kathleen Bruhn University of California at Santa Barbara Valerie J Bunce Cornell University Jos Antonio Cheibub University of Illinois at Urbana Champaign Bruce J Dickson George Washington University M Steven Fish University of California at Berkeley John Gerring Boston University Henry E Hale George Washington University Susan D Hyde Yale University Craig M Kauffman George Washington University Staffan I Lindberg University of Florida Sara Meerow University of Amsterdam James Raymond Vreeland Georgetown University Sharon L Wolchik George Washington University

A Socio-Political Model of Lies in Russia Jason C. Vaughn, 2016-04-29 This book is written to examine Russian public opinion culture and society in the context of the lies liars and untruths consistent with but not exclusively part of the rule of Russia's second and fourth post Soviet President Vladimir Vladimirovich Putin Then it is to assess what future there is for Russia in view of Russia's peculiar socio political culture of parallel truth and untruth Based on new research literature and historical examination of untruth in Russia using political social cultural media and public opinion analysis this study develops and applies a new and novel approach or model's to the study of lies in Russia Further this book seeks to provide an understanding of Russia's socio political environment to outsiders not versed in the ins and outs of the influences causes and reasoning for the Russian government's and the Russian public's reactions to publicized events

Russian/Soviet Studies in the United States, Amerikanistika in Russia Ivan Kurilla, Victoria I. Zhuravleva, 2015-12-09 The contributors in this interdisciplinary collection address the problem of interconnection between the study of the Other either Russian or American and the shaping of national identities in the two countries at different stages of US Russian relations The focus of research interests were typically determined by the political and social debates in scholars' native countries In this book leading Russian and American scholars analyze the problems arising from these intersections of academic political and sociocultural contexts and the implicit biases they entail The book is divided into two parts the first being a historical overview of past configurations of the interrelationship between fields and agendas and the second covering the role of institutionalized area studies in the twentieth and early twenty first centuries In both parts the role of the human factor in the study of mutual representations is elucidating

Political Technology Andrew Wilson, 2023-12-14 Political technology is a Russian term for the professional engineering of politics It has turned Russian politics into theatre and propaganda and metastasised to take over foreign policy and weaponise history The war against Ukraine is one outcome In the West spin doctors and political consultants do more than influence media or run campaigns they have also helped build parallel universes of alternative political reality Hungary has used political technology to dismantle democracy The BJP in India has used it to consolidate unprecedented power Different countries learn from each other Some types of political technology have become notorious like troll farms or

data mining but there is now a global wholesale industry selling a range of manipulation techniques from astroturfing to fake parties to propaganda apps This book shows that political technology is about much more than online disinformation it is about whole new industries of political engineering

Kyrgyzstan - Regime Security and Foreign Policy Kemel Toktomushev, 2016-10-04 Kyrgyzstan is an interesting example of a relatively weak state which for its brief period of independence has already ousted two presidents experienced two revolutions survived two interethnic conflicts and yet remained intact This book explores this apparent paradox and argues that the schism between domestic and international dimensions of state and regime security is key to understanding the nature of Kyrgyz politics The book shows how the foreign policy links to the Manas Air Base used by the US military and essential for supplying their forces in Afghanistan the economic arrangements necessary for sustaining the base both inside and outside Kyrgyzstan and the myriad of different actors involved in all this combined to overshadow points of friction to ensure stable continuance of the status quo Overall the book shows how broad geopolitical forces and complex local factors together have a huge impact on the formation of Kyrgyz foreign policy

Ukraine and the Empire of Capital Yuliya Yurchenko, 2017-12-20 Since 1991 nominally independent Ukraine has been in turmoil with the Orange Revolution and the Maidan protests marking its most critical moments Now its borders are threatened and the civil unrest and armed conflict continue to destabilise the country In order to understand these dramatic events Yuliya Yurchenko looks to the country's post Soviet past in this ambitious analysis of contemporary Ukrainian political economy Providing distinctive and unexplored reflections on the origins of the conflict Yurchenko unpacks the four central myths that underlie Ukraine's post Soviet reality the myth of transition the myth of democracy the myth of two Ukraines and the myth of the other In doing so she sheds light on the current intensification of class rivalries in Ukraine the kleptocracy resource wars and analyses existing and potential dangers of the rightwing shift in Ukraine's polity stressing a historic opportunity for change Critiquing the concept of Ukraine as transition space she provides a sweeping analysis which includes the wider neoliberal restructuring of global political economy since the 1970s with particular focus on Ukraine's relations with the US the EU and Russia This is a book for those wanting to understand the current conflict as a dangerous product of neoliberalism of the empire of capital

Ideology and Meaning-Making under the Putin Regime Marlene Laruelle, 2025-01-14 Much has been written to try to understand the ideological characteristics of the current Russian government as well as what is happening inside the mind of Vladimir Putin Refusing pundits' clichés that depict the Russian regime as either a cynical kleptocracy or the product of Putin's grand Machiavellian designs Ideology and Meaning Making under the Putin Regime offers a critical genealogy of ideology in Russia today Marlene Laruelle provides an innovative multi method analysis of the Russian regime's ideological production process and the ways it is operationalized in both domestic and foreign policies Ideology and Meaning Making under the Putin Regime reclaims the study of ideology as an unavoidable component of the tools we use to render the world intelligible and represents a significant contribution to the

scholarly debate on the interaction between ideas and policy decisions By placing the current Russian regime into a broader context of different strains of strategic culture ideological interest groups and intellectual history this book gives readers key insights into how the Russo Ukrainian War became possible and the role ideology played in enabling it **Post-Soviet Affairs**, 2008 Women in Power in Post-communist Parliaments Marilyn Rueschemeyer, Sharon L. Wolchik, 2009 This book examines the life and work of women who have reached positions of political power after the end of communism in Europe It explores the roles they have adopted the relationships they have cultivated and the agendas they have pursued This volume treats the issues comparatively in six countries the Czech Republic Germany with a focus on the former GDR Slovenia Bulgaria Poland and Russia It also includes interviews with and written statements by the very women in power discussed in the first half of the book giving voice to their common and divergent experiences as political actors within an environment of stormy economies and new foreign engagements particularly with the European Union **After Putin's Russia** Stephen K. Wegren, Dale Roy Herspring, 2010 Now in a thoroughly revised expanded and updated edition this classic text provides the most authoritative and current analysis available of contemporary Russia and the challenges facing Vladimir Putin and his successor Dmitri Medvedev Leading scholars discuss the social political and security issues that confronted Putin as well as his successes and failures in dealing with them The contributors conclude that Putin's influence will continue to be felt for years to come not only because he remains powerful in his new post as prime minister but because he laid the groundwork for dealing with the many problems still confronting Russia Clearly written and organized this text is an indispensable guide for anyone wanting to understand Russia today Russia and the CIS Kimmo Elo, Katja Ruutu, 2005 **Politics in Russia** Thomas F. Remington, 2008 Highly regarded for its comprehensive coverage up to date scholarship and comparative framework *Politics in Russia* is an authoritative overview of Russia's contemporary political system and its recent evolution Leading area specialist Thomas Remington focuses on four areas of change state structure regime change economic transformation and identity to offer a context for analyzing the transition from the Soviet to the post Soviet era Consistently emphasizing the intersection of politics and economics and the tension between authoritarian and democratic trends this text helps students explore the complexities and ambiguities of Russian politics today **Kritika**, 2007 *IBSS: Political Science: 2005 Vol. 54* The British Library of Political and Economic Science, 2006-11-03 First published in 1952 the International Bibliography of the Social Sciences anthropology economics political science and sociology is well established as a major bibliographic reference for students researchers and librarians in the social sciences worldwide Key features Authority Rigorous standards are applied to make the IBSS the most authoritative selective bibliography ever produced Articles and books are selected on merit by some of the world's most expert librarians and academics Breadth Today the IBSS covers over 2000 journals more than any other comparable resource The latest monograph publications are also included International Coverage The IBSS reviews scholarship published in over thirty languages including publications from

Eastern Europe and the developing world User friendly organization all non English titles are word sections Extensive author subject and place name indexes are provided in both English and French *Electoral Authoritarianism* Andreas Schedler,2006 Today electoral authoritarianism represents the most common form of political regime in the developing world and the one we know least about Filling in the lacuna this book presents cutting edge research on the internal dynamics of electoral authoritarian regimes **Politics of Modern Central Asia** Bhavna Dave,2010 The focus for this set encompasses the region as a whole as well as each individual country comprising the Soviet legacy cultural and social institutions modern economic and political transition and geopolitics and security **Political Consequences of Crony Capitalism Inside Russia** Gulnaz Sharafutdinova,2010 Gulnaz Sharafutdinova explores the development of crony capitalism in Russia based on the contrasting cases of Tatarstan and Nizhnii Novgorod She argues that the corruption which accompanied the market transition seeped over into electoral politics and was a major factor in undermining popular support for democratic institutions This finding is a challenge to transition theory which posits that democracy and capitalism work hand in hand Peter Rutland Wesleyan University Book Jacket **Journal of Ukrainian Studies** ,2006
