Visible Saints The History Of A Puritan Idea:

Visible Saints Edmund Sears Morgan,1965 **Visible Saints** Edmund S.. Morgan,1968 Visible Saints Prof.

Edmund S. Morgan,2017-06-28 While Morgan s literary portfolio shows remarkable diversity it is studded with works on Puritanism **Visible Saints** further solidifies his reputation as a leading authority on this subject An expanded version of his Anson G Phelps Lectures of 1962 presented at New York University this slender volume first published in 1963 focuses on the central issue of church membership Morgan posits and develops a revisionary main thesis the practice of basing membership upon a declaration of experiencing saving grace or conversion was first put into effect not in England Holland or Plymouth as is commonly related but in Massachusetts Bay Colony by non separating Puritans Characterized by stylistic grace and exegetic finesse **Visible Saints** is another scholarly milestone in the Millerian Age of Puritan historiography Although he does not pretend to deal exhaustively with the subject Professor Morgan leaves few aspects untouched Throughout we are presented with thoughtful original scholarship and with a skillful reinterpretation of a Puritan idea *New England Quarterly*

Puritan Children in Exile Gerald Garth Johnson,2002-01-01 Although the focus centers on Puritan beliefs about the place of children and the parenting practices provided for these disenfranchised children the basic concepts and motivations of Puritanism are explained and examined with insight and detail J2009HB 29 84 *Misfit Children* Markus Bohlmann,2016-12-14 Misfits are often confused with outcasts Yet misfits rather find themselves in between that which fits and that which does not This volume is interested in this slipperiness of misfits and explores the blockages and the promises of such movements as well as the processes and conditions that produce misfits the means that enable them to undo their denomination as misfits and the practices that turn those who fit into misfits and vice versa This collection of essays on misfit children produces transmissible motions across and engages in scholarly conversations that unfold betwixt and between in order to make rigid concepts twist and twirl and ultimately fail to fit

Virtue Reformed Stephen A. Wilson,2005 Drawing on Protestant scholasticism Puritan precisionism and virtue ethics *Virtue Reformed* offers a comprehensive rereading of the ethical position of American philosopher theologian Jonathan Edwards and his fascinating struggle to be both forwarder of the Reformation and participant in the Enlightenment **Theologia Cambrensis** D. Densil Morgan,2018-04-15 A

comprehensive scholarly synthesis of the history of Welsh theology during the early modern period An even handed and meticulous assessment of Anglican Dissenting and radical religious traditions during an historically significant period in Welsh history including the Reformation Civil War Restoration and Evangelical Revival eras A fresh interpretation based on an encyclopaedic range of texts both well known and obscure in the light of the latest scholarly consensus An intellectual history of Wales during a formative period in its early modern history **The Times and Trials of Anne Hutchinson**

Michael Paul Winship,2005 Anne Hutchinson was perhaps the most famous Englishwoman in colonial American history viewed in later centuries as a crusader for religious liberty and a prototypical feminist Michael Winship disentangles what

really happened from the legends that have misrepresented her for so long **The Evangelical Counter-Enlightenment** William R. Everdell, 2021-05-21 This contribution to the global history of ideas uses biographical profiles of 18th century contemporaries to find what Salafist and Sufi Islam Evangelical Protestant and Jansenist Catholic Christianity and Hasidic Judaism have in common Such figures include Muhammad Ibn Abd al Wahab Count Nikolaus Zinzendorf Jonathan Edwards John Wesley Jean Jacques Rousseau and Israel Ba al Shem Tov The book is a unique and comprehensive study of the conflicted relationship between the evangelical movements in all three Abrahamic religions and the ideas of the Enlightenment and Counter Enlightenment Centered on the 18th century the book reaches back to the third century for precedents and context and forward to the 21st for the legacy of these movements This text appeals to students and researchers in many fields including Philosophy and Religion their histories and World History while also appealing to the interested lay reader **The History of Ideas: Medieval and early modern Europe** Jeremy L. Tobey, 1975 **American Colonial Writers, 1606-1734** Emory Elliott, 1984 Restores the place of early American literature and its writers beyond just the New England sermon long thought to be the only literary form accessible to the colonial population **Founding Fathers** John Eric Adair, 1982 The origins of the Puritans their struggles and the values they imbibed in school and church and have bequeathed to the modern world are the themes of John Adair's comprehensive new book The Ideas and Attitudes of Protestant Missionaries to North American Indians, 1643-1776 Michael Edward-Stevens, 1978 *Catalog of Printed Books of the Folger Shakespeare Library, Washington, D.C.* Folger Shakespeare Library, 1970 The American Intellectual Tradition: 1630-1865 David A.
