LEVI. RODKINSON,2018 The History of the Talmud Michael H. Rodkinson,1903 **The History of the Talmud**
Michael Levi Rodkinson,1903 The History of the Talmud, from the Time of Its Formation, about 200 B. C., Up to the Present Time ... Michael Levi Rodkinson,1903 *The Mind of the Talmud* David Kraemer,1990-12-06 This critical study traces the development of the literary forms and conventions of the Babylonian Talmud or Bavli analyzing those forms as expressions of emergent rabbinic ideology The Bavli which evolved between the third and sixth centuries in Sasanian Iran Babylonia is the most comprehensive of all documents produced by rabbinic Jews in late antiquity It became the authoritative legal source for medieval Judaism and for some its opinions remain definitive today Kraemer here examines the characteristic preference for argumentation and process over settled conclusions of the Bavli By tracing the evolution of the argumentational style he describes the distinct eras in the development of rabbinic Judaism in Babylonia He then analyzes the meaning of the disputational form and concludes that the talmudic form implies the inaccessibility of perfect truth and that on account of this opinion the pursuit of truth in the characteristic talmudic concern for rabbinic process becomes the ultimate act of rabbinic piety **The Book of Legends, Tales from the Talmud and Midrash: Talmudic Period** Hyman E. Goldin,2008-06-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work The Talmud Barry Scott Wimpfheimer,2018-04-17 The life and times of an enduring work of Jewish spirituality The Babylonian Talmud a postbiblical Jewish text that is part scripture and part commentary is an unlikely bestseller Written in a hybrid of Hebrew and Aramaic it is often ambiguous to the point of incomprehension and its subject matter reflects a narrow scholasticism that should hardly have broad appeal Yet the Talmud has remained in print for centuries and is more popular today than ever Barry Scott Wimpfheimer tells the remarkable story of this ancient Jewish book and explains why it has endured for almost two millennia Providing a concise biography of this quintessential work of rabbinic Judaism Wimpfheimer takes readers from the Talmud s prehistory in biblical and second temple Judaism to its present day use as a source of religious ideology a model of different modes of rationality and a totem of cultural identity He describes the book s origins and structure its centrality to Jewish law its mixed reception history and its golden renaissance in modernity He explains why reading the Talmud can feel like being swept up in a river or lost in a maze and why the Talmud has come to be venerated but also excoriated and maligned in the centuries since it first appeared An incomparable introduction to a work of literature that has lived a full and varied life this accessible book shows why the Talmud is at once a received source of traditional teachings a touchstone of cultural authority and a powerful symbol of Jewishness for both supporters and critics *History of the Talmud* ,1918
