Vital Signs A Pathway To Congregational Wholeness:

Vital Signs Dan R. Dick, 2007-03 Becoming a vital church means having stable and growing congregations that are willing to challenge and be challenged in ministry After years of research Dan Dick is able to identify four church types Decaying Congregations Dystrophic Congregations Retrogressive Congregations and Vital Congregations Dick carefully describes each category while pointing out that the goal of being a vital congregation is neither simple or easy He provides examples of communities in each category coupled with tools to move congregations toward vitality As faithful Christian leaders it is time to transform congregations into communities that work hard and engage in new and courageous ministries of witness

Envisioning the Congregation, Practicing the Gospel John W. Stewart, 2015-08-06 Reflecting a wealth of ministerial experience this accessible and instructive book is designed to equip lay leaders and pastors of Protestant churches to better envision and practice gospel driven ministry amid the challenges of our twenty first century context Especially addressing Baby Boomer and Gen X leaders seasoned pastor and practical theologian John Stewart presents and explains five biblically mandated foundational practices for being and nurturing the church belonging discipling witnessing serving and worshiping Stewart believes that these five practices are essential markers for congregations that seek to remain faithful to their risen Lord and he offers memorable examples of how specific churches are carrying them out well Church leaders of every generation will find in these pages much practical wisdom on how to enhance their congregational life and mission For any congregations wanting to remain faithful to their biblical heritage and mandate Stewart s *Envisioning the Congregation Practicing the Gospel* provides an excellent roadmap for doing what God calls the church to do **The Generative Church**

Cory Seibel, 2019-10-10 Virtually all churches aim to invest meaningfully in the faith development of the younger generations who have been entrusted into their care Some churches have a longstanding track record of faithfulness in living out this commitment Some lose sight of this priority over time and allow their intentionality to fade This book makes a distinctive contribution to our understanding of children s youth and young adult ministries by appropriating Erik Erikson s concept of generativity the interest in establishing and guiding the next generation as a way of exploring congregational life Eleven accomplished authors representing five different countries provide diverse theological and cultural perspectives on key aspects of what it means for churches to invest intentionally in the faith development of the members of emerging generations Their chapters challenge us to think about the intergenerational dynamics of our churches the crucial partnership between church and parents and what it means to involve young people meaningfully in the life of the church The intriguing topics explored by this group of authors and the diverse contexts from which they write promise to broaden and enrich our thinking about caring for children youth and young adults as a vital responsibility shared by the entire congregation Global Youth Ministry Terry Linhart, David A. Livermore, 2011 In the first textbook of its kind *Global Youth Ministry* brings together some of the foremost voices in international youth leadership to focus on the theological theoretical

sociocultural and historical issues that shape ministry to youth in contexts around the world *Welcoming Africa's children - Theological and ministry perspectives* Jan Grobbelaar, Gert Breed, Stephan de Beer, Nico Koopman, Elijah Mahlangu, Malan Nel, Dirkie Smit, Pieter Verster, 2016-12-31 The purpose of this book is to combine perspectives of scholars from Africa on Child Theology from a variety of theological sub disciplines to provide some theological and ministerial perspectives on this topic The book disseminates original research and new developments in this study field especially as relevant to the African context In the process it addresses also the global need to hear voices from Africa in this academic field It aims to convey the importance of considering Africa's children in theologising The different chapters represent diverse methodologies but the central and common focus is to approach the subject from the viewpoint of Africa's children The individual authors varied theological sub disciplinary dispositions contribute to the unique and distinct character of the book Almost all chapters are theoretical orientated with less empirical but more qualitative research although some of the chapters refer to empirical research that the authors have performed in the past Most of the academic literature in the field of Child Theologies is from American or British European origin The African context is fairly absent in this discourse although it is the youngest continent and presents unique and relevant challenges This book was written by theological scholars from Africa focussing on Africa's children It addresses not only theoretical challenges in this field but also provides theological perspectives for ministry with children and for important social change Written from a variety of theological sub disciplines the book is aimed at scholars across theological sub disciplines especially those theological scholars interested in the intersections between theology childhood studies and African cultural or social themes It addresses themes and provides insights that are also relevant for specialist leaders and professionals in this field No part of the book was plagiarised from another publication or published elsewhere **The Congregationalist**, 1918 **The Congregationalist and Advance**, 1918 *Temporary Shepherds* Roger S. Nicholson, 1998-09-01 Effective interim ministry depends on strong partnership between the interim minister and congregation Lay leaders of congregations preparing for such a transition will value the expert guidance provided by over a dozen experienced interim pastors What is interim ministry all about What needs to happen during the interim What should leaders and members expect from the interim pastor and themselves during this transition What other resources are available for congregations *The Congregationalist and Christian World*, 1902 *Reckoning Methodism* Darryl W. Stephens, 2024-03-29 Reckoning Methodism addresses the brokenness of The United Methodist Church UMC in the United States Homosexuality is but one of several fault lines with decades long histories in this predominantly White denomination Demographic shifts racism and imperialism are heavily implicated in the current state of division What then is the true nature and mission of this church The UMC is the public church divided Distinct missional theologies arise from competing commitments and priorities When Methodist programmatic initiatives such as vital congregations environmental witness and volunteers in mission fail to account for these differences denominational unity is weakened Constructively this

book seeks historical clarity collective repentance charismatic learning and institutional courage as United Methodists reckon with inherited animosities and divisions This book provides no answers or programmatic fixes Rather it provides possibilities for repairing past harms as United Methodists seek ways to continue living out their Wesleyan faith Reckoning with the public church divided we glimpse the nature and mission of the church not only as it has been but also as it could be

Feasting on the Gospels--Mark Cynthia A. Jarvis,E. Elizabeth Johnson,2014-06-12 Feasting on the Gospels is a new seven volume series that follows up on the success of the Feasting on the Word series to provide another trusted preaching resource this time on the most prominent and preached upon most preached upon books in the Bible the four Gospels With contributions from a diverse and respected group of scholars and pastors Feasting on the Gospels includes completely new material that covers every single passage in the Gospels making it suitable for both pastors who preach from the lectionary and pastors who do not Moreover these volumes incorporate the unique format of Feasting on the Word giving preachers four perspectives to choose from for each Gospel passage theological pastoral exegetical and homiletical Feasting on the Gospels offers a unique resource for all who preach either continuously or occasionally on the Gospels The Congregationalist ,1914 Periodical Accounts Relating to the Foreign Missions of the Church of the United Brethren ,1899
