and open while he also wrote many perceptive articles as a war correspondent covering both the Balkan Wars and the early stages of the First World War Other aspects covered by this biography concern his family life and his relationships with his children Also explored is his love life while it is known he had a brief affair with the Mexican artist Frida Kahlo there are also suggestions he may have had other affairs Whatever the truth of such allegations he certainly maintained a passionate relationship with his long term companion Natalya Sedova and readers should be aware that one proof of that provided towards the end of this book contains very explicit language
