What Management Is How It Works And Why Its Everyones Business:

What Management Is Joan Magretta, 2012-12-06 A book about management described by guru Peter Drucker as a first rate as an introduction for the non manager and especially for the beginner but equally excellent as a rounded complete and comprehensive refresher course for the most experienced executive Both a beginner s guide and a bible for one of the greatest social innovations of modern times the discipline of management Leading business editor Joan Magretta distils the wisdom of a bewildering sea of books and articles into one simple clear volume explaining both the logic of successful organisations and how that logic is embodied in practice by management Newcomers will find the basics demystified More experienced managers will recognise a store of useful wisdom and a framework for improving their own performance In general the book defines a common standard of managerial literacy that will help all of us to lead more effectively

What Management Is Joan Magretta, Nan Stone, 2002 A beginner s guide and authoritative source for one of the greatest social innovations of modern times the discipline of management In this book Joan Magretta a former editor at Harvard Business Review distils the wisdom of a bewildering sea of books and articles into one simple clear volume explaining both the logic of successful organizations and how that logic works in practice Are you a new experienced or would be manager who isn t quite sure what value creation means Could you articulate your company s business model in a single page description Do you understand the reasons for the disparate performance of such superficially similar companies as eBay and Priceline com These questions and many others are answered in *What Management Is* The author makes rich use of samples contemporary and historical to bring to life management s high concepts value creation business models competitive strategy and organizational design Newcomers will find the basics demystified More experienced readers should recognize a store of useful wisdom and a framework for improving their own performance

What Management is Joan Magretta, 2013 Whether you re new to the field or a seasoned executive this book will give you a firm grasp on what it takes to make an organization perform It presents the basic principles of management simply but not simplistically Why did an eBay succeed where a Webvan did not Why do you need both a business model and a strategy Why is it impossible to manage without the right performance measures and do yours pass the test *What Management Is* is both a beginner s guide and a bible for one of the greatest social innovations of modern times the discipline of management Joan Magretta a former top editor at the Harvard Business Review distills the wisdom of a bewildering sea of books and articles into one simple clear volume explaining both the logic of successful organizations and how that logic is embodied in practice Magretta makes rich use of examples contemporary and historical to bring to life management s High Concepts value creation business models competitive strategy and organizational design She devotes equal attention to the often unwritten rules of execution that characterize the best performing organizations Throughout she shows how the principles of management that work in for profit businesses can and must be applied to nonprofits as well Most management books preach a single formula or a single

fad This one roams knowledgeably over the best that has been thought and written with a practical eye for what matters in real organizations Not since Peter Drucker s great work of the 1950s and 1960s has there been a comparable effort to present the work of management as a coherent whole to take stock of the current state of play and to write about it thoughtfully for readers of all backgrounds Newcomers will find the basics demystified More experienced readers will recognize a store of useful wisdom and a framework for improving their own performance This is the big picture management book for our times It defines a common standard of managerial literacy that will help all of us lead more productive lives whether we aspire to be managers or not *What Management is* Joan Magretta,2002 Managing People in Organizations Thomas Klikauer,2018-10-06 This new and engaging core textbook offers a unique line manager perspective that presents students with HRM topics and issues that they will be confronted with once they enter the world of work in a managerial role It is a concise text that focuses on providing students with all they need to know to equip them with a comprehensive understanding of the role the non HR manager plays in the day to day running of an organization The author s deep understanding and wide ranging knowledge of the subject matter means that the text is firmly founded on the latest research while the case studies topical and international examples and experiential exercises that form a fundamental part of the book ensure that theory is always clearly applied to real world practice This text is an essential companion for MBA and postgraduate students who are studying modules on Human Resource Management or Managing People but who are non HRM specialists and do not require the exhaustive detail found in other HRM texts It is also suited for use alongside upper level undergraduate modules on these topics on mainstream business degrees A Global Guide to Human Resource Management Thomas Klikauer,2022-06-17 A Global Guide to Human Resource Management is a concise HRM introductory text offering a uniquely non region specific approach to people management in international business organisations The book presents an alternative to standard managerial approaches reflecting the perspectives of multiple stakeholders workers trade unions states and governments NGOs to critically evaluate HRM in practice and in so doing enables students to make effective decisions in their own practice wherever their careers take them Its accessibility and concision make it well suited to short courses for non HRM and non business specialists This text covers all major introductory topics for non specialists introducing the concept and purpose of HRM through recruitment people skills designing work promoting health rewarding success and successful and ethical people management This edition includes a new chapter on green HRM Rich with pedagogical features the book includes five case studies per chapter to connect theory with practice It is also supported with a range of instructor materials including online guest lectures general discussion questions a glossary an index and online documentaries that explain how to manage people It is essential reading for students interested in Human Resources and Personnel Management Organisational Behaviour and Development and Workplace Culture *Sustainability Strategies* R. Orsato,2016-01-13 By analysing the rationales for sustainability strategies this book addresses a timely question for

managers academics and MBAs when does it pay to be green Based on solid theoretical foundations and empirical research it clarifies the elements involved in the formation and evaluation of sustainability strategies in firms **Hegel's Moral**

Corporation Thomas Klikauer,2016-01-26 Hegel s Moral Corporation is about two versions of a corporation one business oriented and dedicated to shareholder value and profit maximisation and one dedicated to moral life Sittlichkeit in Hegelian terms Handbook of Research on Strategic Performance Management and Measurement Using Data Envelopment

Analysis Osman, Ibrahim H.,Anouze, Abdel Latef,Emrouznejad, Ali,2013-08-31 Organizations can use the valuable tool of data envelopment analysis DEA to make informed decisions on developing successful strategies setting specific goals and identifying underperforming activities to improve the output or outcome of performance measurement The Handbook of Research on Strategic Performance Management and Measurement Using Data Envelopment Analysis highlights the advantages of using DEA as a tool to improve business performance and identify sources of inefficiency in public and private organizations These recently developed theories and applications of DEA will be useful for policymakers managers and practitioners in the areas of sustainable development of our society including environment agriculture finance and higher education sectors *Managerialism* T.
