After eighteen years as a practitioner and teacher of Reiki Sister Eileen has been astonished by the sheer number of people who have continued to stream through the door. People of all ages and traditions have come seeking their healing and finding it as Eileen did when she first embarked on this foreign road that soon became home to her. Eileen has come to recognize through her many years of practice that there is an inherent healing power within each of us and that the gift of Reiki is able to activate it. In her manual Eileen brings with her a core community of Reiki practitioners and teachers from different traditions and backgrounds that journey alongside her and recognize as she does the simplicity wonder and beauty of God's universal gift for our time. The healing stories are too numerous to count but she does include specific testimonials within her manual that speak for the thousands of others who have been healed through the doorway of Reiki. In this way Eileen's Advanced and Master Level Training Manual becomes a living testimony as she thoroughly covers all the information required to be a successful and competent Reiki practitioner and teacher. Written with inspiration and clarity Eileen takes the reader on an amazing journey into the dynamic world of the inner self. Like a fresh current of air she presents her material in an appealing and easily digestible manner. The uniqueness of Eileen's Reiki training manual lies in her ability to weave the Christ conscious healing dimension into it just as an alchemist would when producing gold. In this way Eileen shows how the revered eastern practice of Reiki discovered by Dr Mikao Usui a Japanese Buddhist in the early 20th century can blend perfectly with a Christian heritage of healing where the one enhances the other. At the same time she shows how this simple profound method of hands on healing transcends cultural and religious boundaries in a way that makes this universal gift of Life Force Energy accessible to anyone. Often people who encounter Reiki for the first time experience an inner bliss and harmony which leads them to explore the gift more fully. Others go away from the treatment or training feeling restored refreshed and renewed. Reiki the universal Life Force Energy of God is not a new invention or modern day fad. Its roots are planted deep in ancient history. In the Old Testament Life Force Energy was spoken about eloquently and has been pulsating through the whole of creation from the beginning of time. Even science and the world of medicine are looking at this complementary form of healing called Reiki with fresh new eyes. Its worldwide impact can no longer go unnoticed. About the Author Eileen Curteis a Sister of Saint Ann is a Reiki Master teacher and practitioner who has taught and treated thousands of people over the last eighteen years at Queenswood a former retreat and spirituality centre in Victoria BC. Preceding this Eileen was a teacher principal and educator for twenty seven years. Her greatest passion lies in her healing ministry and in the literary arts. She has authored

eleven books to date and through the years has become an accomplished poet artist writer as well as being a producer of six CDs and three films

Women and Reiki Judith MacPherson, 2017-07-05 Women and Reiki is the first ethnographic study of Reiki and energetic healing in Britain The book argues that if we are to build an accurate and comprehensive picture of healing we must examine the role of gender representation and power Although women healers predominate at the grass roots level these factors have been largely ignored in academic studies of New Age and alternative spiritualities The acknowledgement of women's power in these studies is to be found somewhere between male dominated biomedical approaches to health and apparently more egalitarian holistic discourse and practice Using the work of theorists such as Michel Foucault and Meredith McGuire the book shows that women healers are using Reiki and other healing spiritualities to actively engage in a politics of reclamation

What If? Christy Clarke, 2008-03 In *What If* Contemplations of an Undergrad author Christy Clarke has compiled several of her most passionate beliefs and contemplations Beginning with a bit of insight into the author s personality and reasons for writing this book Clarke then delves into the debate between science and religion and offers an explanation of her own personal ontology However the primary focus of this book is on animal rights consciousness and experimentation Arguments are made to provoke contemplation of what different areas of research have suggested about these controversial issues in hopes of arousing greater popular interest in them Among the controversial topics it explores are connecting animal cruelty to human slavery a consideration and response to the debate between science and religion and an investigation of what alternative health therapies contribute to the debate over nonhuman animal consciousness Significant research and thought has gone into each of the pages in this book and its enthusiastic arguments are sure to provoke reader contemplation whether one agrees or disagrees with the author s additional arguments and decision to acknowledge and embrace personal biases rather than try to work outside of them
