Wine Shipments Spain September 2015:

Wine Shipments from SPAIN to USA September 2015 Daniel Martin, 2015-11-22 report Wine Shipments from Spain to USA September 2015 Trends Press, 2015-11-25 Getting valuable accurate information is the key to being price competitive and ahead of your competition To help you achieve this we have created a report that provides details about all of the wine imports purchases from Spain that have been shipped to the U S market for the month of September 2015 Fields in the report include shipper buyer commodity volume size of the shipment place where the order was originally from export port import port shipment type and the arrival date This report covers the shipments from the first of the month until the end of the month September 1 to September 31 The report has tremendous potential because it not only gives you a clear indication of how the wine market is performing based on the firm purchasing orders but it also provides the ability to establish direct contact with wine producers in Spain or wine buyers in the United States which allows you to cut off the middle man and unnecessary overheads This report is very useful for wine producers wine import export executives freight forwarders and anyone interested in the wine industry In very rare occasions about 2 to 5 percent of the time the shipper or consignee prefers not to disclose their full style information but the shipment is still in the report Once you look at the report you will see the following details for the month of September 2015 1 The actual shipment details such as the names of the suppliers sellers and consignees buyers order volumes the type of wine products shipped the place where the order originated as well as export import ports and much more 2 The percentage difference for the amount of wine shipped between the US East Coast and US Gulf and US West Coast 3 The total volume of wine from Spain that shipped in September 2015 compared with the total volume of the wine shipments that took place in September 2014 4 The total number of orders of wine from Spain that shipped in September 2015 compared with the total orders of wine shipments that took place in September 2014 5 The biggest suppliers of wine from Spain along with the largest U S buyers Transnational Management Christopher A. Bartlett, Paul W. Beamish, 2018-03 Transnational Management offers a uniquely global focus on strategic development organizational capabilities and management challenges Wines & Vines H. F. Stoll, 2016 Thirsty Dragon Suzanne Mustacich, 2015-11-10 An inside view of China's quest to become a global wine power and Bordeaux's attempt to master the thirsty dragon it helped create The wine merchants of Bordeaux and the rising entrepreneurs of China would seem to have little in common old world versus new tradition versus disruption loyalty versus efficiency And yet these two communities have found their destinies intertwined in the conquest of new markets as Suzanne Mustacich shows in this provocative account of how China is reshaping the French wine business and how Bordeaux is making its mark on China Thirsty Dragon lays bare the untold story of how an influx of Chinese money rescued France's most venerable wine region from economic collapse and how the result was a series of misunderstandings and crises that threatened the delicate infrastructure of Bordeaux's insular wine trade The Bordelais and the Chinese do business according to different and often incompatible sets

of rules and Mustacich uncovers the competing agendas and little known actors who are transforming the economics and culture of Bordeaux even as its wines are finding new markets and ever higher prices in Shanghai Beijing and Hong Kong with Hong Kong and London traders playing a pivotal role At once a tale of business skulduggery and fierce cultural clashes adventure and ambition Thirsty Dragon offers a behind the scenes look at the challenges facing the world s most famous and prestigious wines
