Zen Teaching Of Homeless Kodo By Kosho Uchiyama Roshi:

Zen Teaching of Homeless Kodo Kosho Uchiyama Roshi, 2014-11-04 Abandon your treasured delusions and hit the road with one of the most important Zen masters of twentieth century Japan Eschewing the entrapments of vanity power and money Homeless Kodo Sawaki Roshi refused to accept a permanent position as a temple abbot despite repeated offers Instead he lived a traveling homeless life going from temple to temple student to student teaching and instructing and never allowing himself to stray from his chosen path He is responsible for making Soto Zen available to the common people outside of monasteries His teachings are short sharp and powerful Always clear often funny and sometimes uncomfortably close to home they jolt us into awakening Kosho Uchiyama expands and explains his teacher's wisdom with his commentary Trained in Western philosophy he draws parallels between Zen teachings and the Bible Descartes and Pascal Shohaku Okumura has also added his own commentary grounding his teachers power and sagacity for the contemporary Western practitioner Experience the timeless practical wisdom of three generations of Zen masters The Zen Teaching of "Homeless Kôdô Kôshô Uchiyama, 1981 The Zen Teaching of "Homeless" Kôdô Kôshô Uchiyama, 1990 *Black to Nature* Stefanie K. Dunning, 2021-04-22 In *Black to Nature* Pastoral Return and African American Culture author Stefanie K Dunning considers both popular and literary texts that range from Beyoncé's *Lemonade* to Jesmyn Ward's *Salvage the Bones* These key works restage Black women in relation to nature Dunning argues that depictions of protagonists who return to pastoral settings contest the violent and racist history that incentivized Black disavowal of the natural world Dunning offers an original theoretical paradigm for thinking through race and nature by showing that diverse constructions of nature in these texts are deployed as a means of rescrambling the teleology of the Western progress narrative In a series of fascinating close readings of contemporary Black texts she reveals how a range of artists evoke nature to suggest that interbeing with nature signals a call for what Jared Sexton calls the dream of Black Studies abolition *Black to Nature* thus offers nuanced readings that advance an emerging body of critical and creative work at the nexus of Blackness gender and nature Written in a clear approachable and multilayered style that aims to be as poignant as nature itself the volume offers a unique combination of theoretical breadth narrative beauty and broader perspective that suggests it will be a foundational text in a new critical turn towards framing nature within a cultural studies context **Introduction to Buddhist East Asia** Robert H. Scott, James McRae, 2023-03-01 This anthology provides an accessible introduction to East Asian Buddhism focusing specifically on China Korea and Japan It begins with a detailed historical introduction that includes an overview of the development of the various schools of Buddhism in East Asia and traces the transmission of Buddhism from Northwest India to China in the first century CE and then to Korea and Japan in the fourth and sixth centuries CE The first part of the book contains five chapters that offer creative pedagogies that can help college professors infuse East Asian Buddhism into their courses The second part includes six interdisciplinary chapters that explore thematic links between East Asian Buddhism and religious studies
