Vāstu, Astrology, and Architecture Nilakanth Dash, Gayatri Devi Vasudev, 1998-01-01 ABOUT THE BOOK Vastu Shastra an important limb of Jyotisa or astrology is an ancient science and study of architecture and engineering The present volume is an outcome of a symposium on Vastu One of the goals of the symposium was to revive the lost **Architecture and Mathematics from Antiquity to the Future** Kim Williams, Michael J. Ostwald, 2015-02-09 Every age and every culture has relied on the incorporation of mathematics in their works of architecture to imbue the built environment with meaning and order Mathematics is also central to the production of architecture to its methods of measurement fabrication and analysis This two volume edited collection presents a detailed portrait of the ways in which two seemingly different disciplines are interconnected Over almost 100 chapters it illustrates and examines the relationship between architecture and mathematics Contributors of these chapters come from a wide range of disciplines and backgrounds architects mathematicians historians theoreticians scientists and educators Through this work architecture may be seen and understood in a new light by professionals as well as non professionals Volume I covers architecture from antiquity through Egyptian Mayan Greek Roman Medieval Inkan Gothic and early Renaissance eras and styles The themes that are covered range from symbolism and proportion to measurement and structural stability From Europe to Africa Asia and South America the chapters span different countries cultures and practices *Vaastu: The Art And Science Of Living* Ashwini Kumar, 2005-11-01 Vaastu Shaastra is the art and science of living a happy and contented long life In the modern day world of high speed technology many diseases are arising out of faulty lifestyles Classical principles of Vaastu Shaastra describe the ancient way of living which need modifications in the present day context This book is an intelligent amalgamation of the ancient practice of Vaastu living and modern technologies of house building and architecture It offers an introduction to Vaastu Shaastra systematising and standardising its techniques and methodologies The book has been divided into three sections The first section has been devoted to the understanding of the key concepts principles and forces of Vaastu that exert an influence on any given space The second section of the book reveals how to create heaven on earth right in your home It shows how we can achieve internal peace by first achieving external peace in the house The third section is related to the day to day use of Vaastu One chapter has been devoted to Vaastu of workplace which in many aspects is different from residential Vaastu This book has been written according to the established principles of Vedic Astrology an inevitable part of Vaastu Shaastra The effect of the nine planets is considered in Astrology while mainly the effect of planet earth is taken in Vaastu Astrology depends on dashas Planetary Periods while Vaastu depends on dishas Directions Jyotish assumes the existence of Kaal Purush Time Personified while Vaastu assumes the existence of Vaastu Purush Space Personified The book incorporates current knowledge of building science to explain the ancient wisdom of Vaastu Shaastra only to bridge the gap between ancient traditions and modern way of thinking No attempt has been made to transgress into the other parallel systems known

as Feng Shui and Pyramidology which require totally separate study The work is meant primarily for those who want to learn Vaastu from the very beginning and pursue it seriously in a scientific manner The book will also serve as a stepping stone for those who intend to indulge in hitherto unexplored areas of Vaastu Shaastra like suitability of certain directions for certain activities hidden meanings of Vaastu Purush forty five demi gods ten dikpalas three energies and Panchmahabhootas predicting the fate of a house and its inhabitants through Vaastu kala etc

VASTU - DISCRIMINATE-OBSOLETE-FRAUDULENT N.SHANKARAPPA, The word Vastu has become synonym for the intellectual degradation of Indian mind Vastushastra which was in oblivion for thousands of years was salvaged to lime light a few decades ago The Vastushastra which is descriminative at its roots obsolete in time and fraudulent in practice became contagious spreading from metropolitan cities to remote villages It is very saddening that Vastushastra is thriving through the nurturing of the well educated class of India under the guise of ancient building science which was developed by great seers sages to lead fruitful life on earth Each and every success and failure joys and pains of an individual are recognized through Vastu compliance of his her house The basic life experiences which provided the courage and inspiration to face the vagaries of one's life are condemned and taken over by Vastu compliance In this age of science Vastushastra has devoured both literate and illiterate urban and rural population without any difference The print and electronic media have become the vehicles of pseudoscience of Vastushastra bringing the fear that Indians may be losing their rationality At this juncture if we do not bring back the rationality of thinking the life of common man will be in hands of Vastu pandits and experts mocking the intellectual maturity of Indian mind In this book Author has shown in detail how Vastushastra is discriminative through its interwoven Varna caste system in building houses and obsolete for modern living The fraudulent way of using Vastu by common man by pseudoscientific explanations to fleece the gullible public is highlighted The

evolution of Indian temples independent of Vastuhasra the contrast between modern Architecture Civil engineering are discussed in elaborate in the book **EDRA40** Environmental Design Research Association. Conference,2009 **Indian Books in Print** ,2003
