What Works Common Sense Solutions For A Stronger America:

What Works Cal Thomas, 2014-04-01 Solutions not theories Political progress not political posturing Instead of the constant jockeying for political advantage in What Works author and columnist Cal Thomas focuses on what promotes the general welfare regardless of which party or ideology gets the credit Thomas probes and provides answers to questions like Why must we constantly fight the same battles over and over Why don't we consult the past and use common sense in order to see that what others discovered long ago still works today And why does present day Washington too often look like the film Groundhog Day with our elected officials waking up each day only to repeat identical talking points from previous days months and years Without letting politics or ignorance get in the way Thomas urges readers to pay attention so that politicians can no longer pick their pockets literally or intellectually What Works is about solutions not theories It's about pressuring political leadership to forget about the next election and start focusing on the needs of the people who work hard to provide for themselves send their tax dollars to Washington and want to see the country achieve something of value like it has always done

America's Expiration Date Cal Thomas, 2020-01-21 A warning and a wake up call to learn history so we are not doomed to repeat it A must read for anyone who longs for a promising future for our great nation What is wrong with America today Is it possible that America could crumble and our democracy fail Questions like these plague Americans and cause us to be anxious about the future of the land that we love Individuals may come to different conclusions but there seems to be a common thread the deep seated feeling that we need to improve our country Our culture is increasingly immoral the family structure is threatened from all sides and government programs consistently overreach creating massive debt In this powerful and prophetic book nationally syndicated columnist and trusted political commentator Cal Thomas offers a diagnosis of what exactly is wrong with the United States by drawing parallels to once great empires and nations that declined into oblivion Citing the historically proven 250 year pattern of how superpowers rise and fall he predicts that America's expiration date is just around the corner and shows us how to escape their fate Through biblical insights and hard hitting truth he reminds us that real change comes when America looks to God instead of Washington Scripture rather than politics is the GPS he uses to point readers to the right road a road of hope life and change Because he says if we're willing to seek God first learn from history and make changes at the individual and community level we can not only survive but thrive again This powerful timely and much needed perspective is a must read for anyone who longs for a promising future for our great nation

Peace, Strength & Common Sense James Steamer, 2018-01-26 This is a work of exceptional inspiration by an author who has worked in a variety of occupations for over forty years and has achieved a life far beyond his dreams While never having had glamorous nor high paying work he now has the complete ingredients that make his life full of joy and contentment James Steamer specifically addresses precisely how most anyone may achieve true life satisfaction and exactly why so many do not Additionally he comments on worldly issues with great clarity offering practical solutions that work He

also clarifies key factors in the most philosophical spiritual social and political issues of our time Congressional Record United States. President,2018 Containing the public messages speeches and statements of the President 1956 1992 Barack Obama and the Politics of Redemption Stanley A. Renshon,2012-03-15 Every new president raises many questions in the public mind Because Barack Obama was a relative newcomer to the national political scene he raised more questions than most Would he prove to be a pragmatic centrist or would his politics of hope ultimately flounder on the rocky shoals of America s deep political divisions What of his leadership style How would the uncommonly calm character he demonstrated on the campaign trail shape Obama s political style as commander in chief Based on extensive biographical psychological and political research and analysis noted political psychologist Stanley Renshon follows Obama s presidency through the first two years He digs into the question of who is the real Obama and assesses the advantages and limitations that he brings to the presidency These questions cannot be answered without recourse to psychological analysis And they cannot be answered without psychological knowledge of presidential leadership and the presidency itself Renshon explains that Obama s ambition has been fueled by a desire for redemption his own that of his parents and ultimately for the country he now leads which has enormous consequences for his choices as president of a politically divided America
