Inuit Women Janet Mancini Billson, Kyra Mancini, 2007 Inuit Women is the definitive study of the Inuit during a time of rapid change Based on fourteen years of research and fieldwork this analysis focuses on the challenges

facing Inuit women as they enter the twenty first century Written shortly after the creation of Nunavut a new province carved out of traditional Inuit homelands in the Canadian North this compelling book combines conclusions drawn from the authors ethnographic research with the stories of Inuit women and men told in their own words In addition to their presentation of the personal portraits and voices of many Inuit respondents Janet Mancini Billson and Kyra Mancini explore global issues the impact of rapid social change and Canadian resettlement policy on Inuit culture women s roles in society and gender relations in Baffin Island in the Eastern Arctic They also include an extensive section on how the newly created territory of Nunavut is impacting the lives of Inuit women and their families Working from a research approach grounded in feminist theory the authors involve their Inuit interviewees as full participants in the process This book stands alone in its attention to Inuit women s issues and lives and should be read by everyone interested in gender relations development modernization globalization and Inuit culture

Psychodrama - Second Volume Jacob L. & Zerka T. Moreno,2011 J L Moreno wrote books chapters and articles about psychodrama His writing like the method he pioneered is rich and complex Many students practitioners and participants around the world have encountered Moreno s work in action however fewer people may have had the opportunity to read and think about the words of the father due to the limited availability of key texts A desire to ensure Moreno s work is available to the widest possible audience inspired members of the North West Psychodrama Association to work together to re publish the books in this series We hope by doing so J L Moreno s words will continue to reverberate across time and space inspiring new generations of practitioners to be as creative and spontaneous as is possible whilst managing the complexity of modern day practice

Psychology of Gender Identity Janice W. Lee,2005 Gender encompasses biological sex but extends beyond it to the socially prescribed roles deemed appropriate for each sex by the culture in which we live The gender roles we each carry out are highly individualistic built on our biological and physical traits appearance and personality life experiences such as childhood career and education and history of sexual and romantic interactions Each element influences perceptions and expectations Gender related experiences influence and shape the ways we think about others and ourselves including self image behaviour mood social advancement and coping strategies This new book brings together leading international research devoted to this subject

Masquerade and Gender Catherine A. Craft-Fairchild,2012-03-31 Terry Castle s recent study of masquerade follows Bakhtin s analysis of the carnivalesque to conclude that for women masquerade offered exciting possibilities for social and sexual freedom Castle s interpretation conforms to the fears expressed by male writers during the period Addison Steele and Fielding all insisted that masquerade allowed women to usurp the privileges of men Female authors however often mistrusted these claims perceiving that masquerade s apparent freedoms were frequently nothing more than sophisticated forms of oppression Catherine Craft Fairchild s work provides a useful corrective to Castle s treatment of masquerade She argues that in fictions by Aphra Behn Mary Davys Eliza Haywood Elizabeth Inchbald and Frances Burney masquerade is double sided It is represented in some

cases as a disempowering capitulation to patriarchal strictures that posit female subordination. Often within the same text, however, masquerade is also depicted as an empowering defiance of the dominant norms for female behavior. Heroines who attempt to separate themselves from the image of womanhood they consciously construct escape victimization. In both cases, masquerade is the condition of femininity; gender in the woman's novel is constructed rather than essential. Craft Fairchild examines the guises in which womanhood appears, analyzing the ways in which women writers both construct and deconstruct eighteenth-century cultural conceptions of femininity. She offers a careful and engaging textual analysis of both canonical and noncanonical eighteenth-century texts, thereby setting lesser-read fictions into a critical dialogue with more widely known novels. Detailed readings are informed throughout by the ideas of current feminist theorists, including Luce Irigaray, Julia Kristeva, Mary Ann Doane, and Kaja Silverman. Instead of assuming that fictions about women were based on biological fact, Craft Fairchild stresses the opposite: the domestic novel itself constructs the domestic woman.

Psychodrama in the 21st Century Jacob Gershoni, 2003-12-11. Inspired by the writings of J. L. Moreno, the contributors to this volume present a wide range of clinical and educational applications of psychodrama with various client groups, problems, and settings. Part One explores the integration of psychodrama and sociometry with other therapy methods, including structural family therapy, art therapy, and group therapy. Part Two describes innovative applications of action methods to different groups, such as trauma survivors and the lesbian, gay, bisexual, and transgender (LGBT) community. Applications of psychodrama in education, training, and consultation with such diverse professionals as lawyers, physicians, and psychiatrists conclude this comprehensive text. For further information, please click here: [The Quintessential Zerka](#). Zerka T. Moreno, 2013-05-13. *The Quintessential Zerka* documents the origins and development of the theory and practice of psychodrama, sociometry, and group psychotherapy through the work and innovation of its co-creator, Zerka Toeman Moreno. This comprehensive handbook brings together history, philosophy, methodology, and application. It shows the pioneering role that Zerka, along with her husband J. L. Moreno, played in the development, not only of the methods of psychodrama and sociometry, but of the entire group psychotherapy movement worldwide. It demonstrates the extent to which Zerka's intuitive and intellectual grasp of the work, combined with her superb ability to organize and synthesize, continue to exert an influence on the field. Toni Horvatin and Edward Schreiber have selected articles that span a career of some sixty years, from Zerka's very first publication to recent, previously unpublished work. Personal anecdotes and poetry from Zerka herself provide a valuable context for each individual article. The selection includes psychodrama, its relation to stage, radio, and motion pictures; psychodramatic rules, techniques, and adjunctive methods; beyond Aristotle, Breuer, and Freud; Moreno's contribution to the concept of catharsis; psychodrama role theory; and the concept of the social atom. This book provides a rich source of insight and inspiration for all those interested in the history, development, and practice of psychodrama, sociometry, and group psychotherapy, whatever their level of experience. It will be of interest to anyone involved in the fields of psychology.
