Where Have All The Prophets Gone Reclaiming Prophetic Preaching In America:

Where Have All the Prophets Gone Marvin a. McMickle, 2019-04-11 This book is a call for preachers to learn the importance of keeping their eyes on the vision of Jesus and biblical prophets when preaching that of doing justice caring for others and being equitable The book attempts to make a biblical argument for the importance and the content of prophetic preaching and argues that the issue is not preaching from a text taken from the prophetic corpus but preaching on the themes that echoed over and over from the biblical prophets themselves How to Preach the Prophets for All Their Worth Andrew G. M. Hamilton, 2022-05-24 The Old Testament prophetic books play a key role in revealing God's plan of salvation They occupy a significant portion of the biblical canon similar in size to the entire New Testament Yet most believers stay clear of this part of Scripture They avoid traveling through this forest of oracles and visions Many preachers also struggle to navigate this unfamiliar territory Preachers feel much more at ease unpacking the intricate arguments of the Pauline epistles or following the thrilling adventures of biblical narratives rather than exploring the prophetic books The church however needs to hear and respond to the beauty depth and relevance of the prophetic message This book not only provides convincing reasons for preaching the prophets today but also offers concrete guidelines to empower preachers small group leaders youth workers etc to communicate the message of the prophets with hermeneutical precision theological depth genre sensitivity and pastoral pulse This book motivates and equips preachers to travel with confidence through this uncharted territory and to help God's people enjoy the scenery of this part of God's word **Ethical Prophets along the Way** Rufus Burrow, 2019-12-27 The Hebrew prophets of ancient Israel strove to convey God's point of view to the people and the powers at a time when injustice deceit malfeasance and crushing the poor and the oppressed was prominent much like today The prophets spoke courageously and emphatically about God's profound and unrelenting concern and compassion for human beings Much influenced by the theology of prophecy developed by Rabbi Abraham Joshua Heschel this book discusses the nature meaning and relevance of ethical prophecy at a time when democracy in the United States of America and elsewhere is under vicious assault from the religious and secular right and authoritarian politicians who openly flirt with and support murderous dictators sexism homophobia racial bigotry anti-Semitism and hatred of Muslims both in word and practice An examination of the contributions of eight powerful personalities from the period of American slavery through the post civil rights era Angelina Grimké Ida B Wells Abraham J Heschel James Baldwin Malcolm X Martin Luther King Jr scar Romero and Alice Walker offers a recipe for addressing this state of affairs **Preaching Prophetic Care** Phillis Isabella Sheppard, Dawn Ottoni-Wilhelm, Ronald J. Allen, 2018-06-25 Preachers often think of prophetic preaching in the caricature of the prophet as the lonely outsider confronting the congregation often angrily with the congregation's complicity in social injustice and with a bracing call for repentance The twenty seven essays and sermons in this book offer a different perspective by viewing prophetic preaching specifically and ministry practical theology and theological education more

broadly as pastoral care for the community in prophetic perspective Such preaching does indeed bring a critical theological analysis of justice concerns to the center of the sermon but in such a way as to invite the congregation to consider how the move toward justice is a pastoral move that is a move that seeks to build up community Rather than contributing to the polarization so rampant in today s social world the preacher seeks to help the congregation build bridges along which concern for justice can travel The contributions honor the work of the late Dale Andrews a scholar of preaching and practical theology at the Divinity School Vanderbilt University whose seminal work inspires the notions of prophetic care and building bridges to justice

When Prophets Preach Jonathan C. Augustine,2023-03-28 In *When Prophets Preach Leadership and the Politics of the Pulpit* Jay Augustine urges twenty first century preachers to speak openly against social injustice establishing such preaching as a key component of prophetic leadership Beginning with the premise that the church was birthed to address salvation in the kingdom to come and social justice in the kingdom at hand Augustine presents prophetic preaching as part of the ministry of reconciliation Jesus left to the church Addressing topics such as abusive immigration policies and racial injustices he urges the church to return to its foundation of prophetic leadership as exemplified not only by Jesus but by the Old Testament prophets and the New Testament apostles *When Prophets Preach* demonstrates that faithfulness to this ministry requires preachers to break the pulpit silence Then the church can lead in bridging social and ethnic gaps among its members It can show society at large how to heal many of the social economic and political divisions in our world the very rifts that underscore the need for social justice ministries and that necessitate prophetic preaching

Prophetic Justice Keith Magee,2024-06-09 In this prophetic collection of seminal essays and articles the public intellectual theologian and social justice scholar Reverend Professor Keith Magee provides a thoughtful sharp and critical analysis of how questions of race religion and politics have an impact on society today The book explores the historical context of American democracy and how it has long failed to deliver true justice to all of the nation s citizens *Prophetic Justice* exposes the social construct of race and the myriad ways in which this false idea along with the sometimes wilful misinterpretations of sacred texts have been used to justify the subjugating of one people by another simply because of the color of their skin Written between 2016 and 2023 these essays and articles touch on some painful subjects but also give us reason to hope Keith Magee describes how with empathy courage and faith we can come together to face up to the injustices of the past and celebrate our common humanity thus creating a new world in which every life truly matters

Preaching in the Small Membership Church Lewis A. Parks,2010-09-01 Step into the pulpit in a small membership church and you ll sometimes find your fair share of challenges but you ll almost always find more than your share of blessings as well Those blessings and the chance for authentic life transforming preaching are what preaching in the small membership church are all about Lewis Parks knows those blessings well For nearly 40 years he has preached in small membership churches and taught others who serve in them In this book he lays out the distinct roles that preaching in the small membership church

calls on us to fill and offers down to earth substantive guidance on how to be the best preacher you can be in these most numerous and most important outposts of Christ's church **Hip-Hop Redemption (Engaging Culture)** Ralph Basui Watkins, 2011-10-01 Hip hop culture is experiencing a sea change today that has implications for evangelism worship and spiritual practices Yet Christians have often failed to interpret this culture with sensitivity Sociologist preacher pop culture expert and DJ Ralph Watkins understands that while there is room for a critique of mainstream hip hop and culture by listening more intently to the music's story listeners can hear a prophet crying out sharing the pain of a generation that feels as though it hasn't been heard His accessible balanced engagement reveals what is inherently good and redeeming in hip hop and rap music and uses that culture as a lens to open up the power of the Bible for ministry to a generation

Unmasking White Preaching Lis Valle-Ruiz, Andrew Wymer, 2022-04-06 This book examines the impact of white racialization in homiletics The first section Racial Hegemony interrogates the white colonial bias of Euro American homiletical practice pedagogy and theory with particular attention to the intersection of preaching and racialization The second section Resistance and Possibilities contributes diverse critical homiletical approaches emerging in conversation with racially minoritized scholarship and racially subjugated knowledge and practice By reading this book preachers and professors of preaching will encounter alternative non dominant homiletical pathways toward a more just future for the church and the world Prophetically Incorrect Robert H. Jr. Woods, Paul D. Patton, 2010-08-01 The Bible includes prophetic speech and at times the church and its representatives are called to speak prophetically But in our media saturated age when many claim to speak for God how can we evaluate the avalanche of supposedly prophetic speech What does it mean to truly be prophetic And when Christians should speak prophetically how can they do so in a biblical and effective way Using vivid examples this book offers clear guidelines for creating critiquing and consuming popular media as well as practical suggestions for faithful communication It also helps readers think critically about communication technology The book includes a foreword by Quentin Schultze and a preface by Clifford Christians
