## **While Defending A Jew:**

*Pledges of Jewish Allegiance* David Ellenson, Daniel Gordis, 2012-01-18 Since the late 1700s when the Jewish community ceased to be a semiautonomous political unit in Western Europe and the United States and individual Jews became integrated culturally socially and politically into broader society questions surrounding Jewish status and identity have occupied a prominent and contentious place in Jewish legal discourse This book examines a wide array of legal opinions written by nineteenth and twentieth century orthodox rabbis in Europe the United States and Israel It argues that these rabbis divergent positions based on the same legal precedents demonstrate that they were doing more than delivering legal opinions Instead they were crafting public policy for Jewish society in response to Jews social and political interactions as equals with the non Jewish persons in whose midst they dwelled *Pledges of Jewish Allegiance* prefaces its analysis of modern opinions with a discussion of the classical Jewish sources upon which they draw **The Nazi Holocaust. Part 8:**

**Bystanders to the Holocaust. Volume 3** Michael Robert Marrus, 2011-08-08 This edition is the first of its kind to offer a basic collection of facsimile English language historical articles on all aspects of the extermination of the European Jews A total of 300 articles from 84 journals and collections allows the reader to gain an overview of this field The edition both provides access to the immense rich array of scholarly articles published after 1960 on the history of the Holocaust and encourages critical assessment of conflicting interpretations of these horrifying events The series traces Nazi persecution of Jews before the implementation of the Final Solution demonstrates how the Germans coordinated anti Jewish activities in conquered territories and sheds light on the victims in concentration camps ending with the liberation of the concentration camp victims and articles on the trials of war criminals The publications covered originate from the years 1950 to 1987

Included are authors such as Jakob Katz Saul Friedlander Eberhard Jckel Bruno Bettelheim and Herbert A Strauss *Jews and Anti-Judaism in Esther and the Church* Tricia Miller, 2015-05-28 The biblical book of Esther records an account of Jewish resistance to attempted genocide in the setting of the Persian Empire According to the text Jews were targeted for annihilation simply because of their Jewish identity However the story also reports that they were allowed to defend themselves against anyone who sought to kill them In the context of attempted genocide the message of Esther addresses a timeless and universal issue of justice that humans have the right and responsibility to defend themselves against those who intend to murder Jews and Anti Judaism in Esther and the Church shows how the anti Judaism that is a central feature of Esther relates to the contemporary issue of the contested legitimacy of the State of Israel as part of the ongoing Arab Israeli conflict In her outstanding book Dr Tricia Miller uses an academic approach to demonstrate the relationship of historic theology to current events concerning Israel for the purpose of encouraging Christians to support Israel s right to exist and defend itself against those who seek its destruction [Jewish Universalisms](#) Jeremy Fogel, 2023-12-05 Any version of universalism pluralistic sensitivities and post colonial awareness would need to balance a universalistic perspective with the

richness of human diversity Modern Jewish philosophers who partook in the Enlightenment's universalistic vision and maintained their distinct identity are relevant for current thinking about the balance between universalism and diversity

*Jews and Heretics in Catholic Poland* Magda Teter, 2005-12-26 *Jews and Heretics in Catholic Poland* takes issue with historians' common contention that the Catholic Church triumphed in Counter Reformation Poland. In fact, the Church's own sources show that the story is far more complex. From the rise of the Reformation and the rapid dissemination of these new ideas through printing, the Catholic Church was overcome with a strong sense of insecurity. The infidel Jews, enemies of Christianity, became symbols of the Church's weakness and simultaneously instruments of its defence against all of its other adversaries. This process helped form a Polish identity that led in the case of Jews to racial anti-Semitism and to the exclusion of Jews from the category of Poles. This book portrays Jews not only as victims of Church persecution but as active participants in Polish society who, as allies of the nobles placed in positions of power, had more influence than has been recognised.

**Jews and Islamic Law in Early 20th-Century Yemen** Mark S. Wagner, 2015 In early 20th century Yemen a sizable Jewish population was subject to sumptuary laws and social restrictions. Jews regularly came into contact with Islamic courts and Muslim jurists by choice and by necessity became embroiled in the most intimate details of their Jewish neighbors' lives. Mark S. Wagner draws on autobiographical writings to study the careers of three Jewish intermediaries who used their knowledge of Islamic law to manipulate the shari'a for their own benefit and for the good of their community. The result is a fresh perspective on the place of religious minorities in Muslim societies.

**A Jew in the Street** Nancy Sinkoff, Jonathan Karp, James Loeffler, Howard Lupovitch, 2024-06-25 These investigations illuminate the entangled experiences of Jews who sought to balance the pull of communal religious and linguistic traditions with the demands and allure of full participation in European life.
