wanna read an entire book about the slam dunk I love basketball Ann Patchett The definitive dunking dissertation Jack McCallum Wall Street Journal From the author of the bestselling Kobe Bryant biography The Rise comes the legend of the most powerful shot in basketball the slam dunk The evolution of basketball and much of the social and cultural change in America can be traced through one powerful act on the court the slam dunk The dunk s history is the story of a sport and a country changed by the most dominant act in basketball and it makes Magic in the Air a rollicking and insightful piece of narrative history and a surefire classic of sports literature When basketball was the province of white men the dunk acted as a revolutionary agent a tool for players like Wilt Chamberlain and Bill Russell to transform the sport into a Black man s game The dunk has since been an expression of Black culture amid the righteous upheaval of the civil rights movement of the threat that Black people were considered to be to the establishment It was banned from college basketball for nearly a decade an attempt to squash the individual expression and athleticism that characterized the sport in America s cities and on its playgrounds The dunk nevertheless bubbled up to basketball s highest levels From Julius Erving to Michael Jordan to the high flyers of the 21st century the dunk has been a key mechanism for growing the NBA into a global goliath Drawing on deep reporting and dozens of interviews with players coaches and other hoops experts Magic in the Air brings to life the tale of the dunk while balancing sharp socio racial history and commentary with a romp through American sports and culture There s never been a basketball book quite like it

Local Sports Hero: Jesse Newman,2009-07-08 This book is an easy read I deliberately chose a large font Wesley Walker graduated high school right on the cusp of integration Wilt Chamberlain was being aggressively recruited by the legendary Phog Allen that year Walker despite being a highly talented player never played high school basketball In the local city leagues where he was omnipresent he truly shined He cosistently scored high was a positive team player and is fondly remembered by many from that time for generously sharing his acumen for the game He was recruited by the Harlem Globe Trotter s farm team the Jesters If he had been properly groomed by good coaches or recruited by the University of Kansas at that time he might have played with Wilt Chamberlain He should have been recruited at least by one of the Black colleges The game was changing to a fast break one and Walker played that kind of game However he went into the army instead There he developed into quite a boxer His development was cut short by a tragic car wreck in which he almost lost a leg Walker fought back and became a wheelchair champ In later years he opened a local gym and is beloved today by many who personally felt his influence

Manthropology Peter McAllister, 2024-06-04 Manthropology aims to do for the history of man what Freakonomics did for statistics An eye opener and a bracing call to arms Men s Journal Peter McAllister set out to rebut the claim that man today is suffering from feminization and emasculation He planned to use his skills as a paleoanthropologist and journalist to write a book demonstrating unequivocally that man today is a triumph the result of a hard fought evolutionary struggle toward greatness As you will see he failed In nearly every category of manliness modern man turned out to be not just matched but bested by his ancestors Stung McAllister embarked on a new mission If his book couldn t be a testament to modern male achievement he decided it would be a record of his failures Manthropology then is a globe spanning tour of the science of masculinity It kicks off in Ice Age France where a biomechanical analysis demonstrates that La Ferrassie 2 a Neanderthal woman discovered in the early 1900s would cream 2004 World Arm Wrestling Federation champion Alexey Voyevoda in an arm wrestle Then it moves on to medieval Serbia showing how Slavic guslar poets who were famously able to repeat a two thousand line verse after just one hearing would have destroyed Curtis Jackson aka 50 Cent in a rap battle Finally it takes the reader to the steaming jungles of modern equatorial Africa where Aka Pygmy men are such super dads they even grow breasts to suckle their children Now that s commitment For modern man the results of these investigations aren t always pretty But in its look at the history of men Manthropology is unfailingly smart informative surprising and entertaining
