The Making of a Yoga Master Suhas Tambe, 2012-07-23 When Suhas Tambe was initiated into the study and life of a yogi through his Indian spiritual master the Yoga Sutras of Patanjali an age old system of guidance were integral to his training Tambe is now a scholar and longterm practitioner of this esoteric wisdom He is also the first Westerner to reveal the hidden sequence of these sutras which he received from his teacher From the time of Patanjali onward 300 BCE the scrambling of the sequence of sutras was a respected tradition Such deliberate confusion was done with a view to preserving the sanctity of these precious teachings Since interpretation of any sutra must bear reference to and consistency with the previous and the following sutra proper sequence becomes a critical factor fundamental to the use of this time honored scripture The key to the real sequence of Yoga Sutra was handed down verbally by the guru only to the eligible disciple The Making of a Yoga Master reveals this original sequence which has been hidden for so long Far more than an instruction manual this book is also about one seeker's progression The author who began his search entrenched in materialism he was an accountant with an MBA working in IT was transformed into a devoted Yoga practitioner This path thoroughly changed his life's priorities evolved his purpose and dissolved old habits in a way that will be inspiring to many Yoga not just entered my life he writes but now it is my life The clear and sequential stages of transformation through yoga are documented here as perhaps nowhere else in contemporary literature This new sequence unfolds a practical road map for knowing and practicing the elevation of the seeker's awareness from the physical to more subtle and refined levels and designates observable milestones to determine one's progress on the path The Making of a Yoga Master marries the philosophy of Yoga with clear how to instructions

Finding More on the Mat Michelle Marchildon, 2015-05-11 Practicing yoga is an invitation to live up to our potential as human beings So our mat becomes a catalyst for transformation When we assume a yoga pose it is not necessarily the shape of the body that counts Rather it is a chance to create an offering of the highest intention in our hearts Practicing becomes our path as we grow not just older but better wiser and stronger We become so much more both for ourselves and for those we love every time we surrender to something greater like Grace Grace is in many ways reflective of the attitude we bring to the mat It is the difference between a yoga practice that leaves

you radically transformed and an exercise class It's the difference between feeling full of hope and potential or feeling like a schmuck Our attitude creates the distinction between growing better wiser and stronger on the mat or afraid that we're going to die every time we bend over In the beginning the author explains I did not know that I needed Grace After all I had gone through the better part of my life without anything nearly looking like Grace You should see me dance or sing Oh my God A goose suffering an epileptic attack would describe my attempts at being graceful I would never be mistaken for a soul sister Then one day on my mat struggling for the millionth time to touch my toes I gave up I said To hell with it And that's when it happened The tension in my body released and I lowered down another six inches toward the floor I got so excited I almost pulled a hamstring All the years I had been practicing yoga I thought what I needed to touch my toes and to get better in general was more effort But in fact I needed more Grace Living with ease is Grace Living with forgiveness and acceptance is Grace Taking the good with the bad is Grace Saying yes first rather than no is Grace Trying new experiences with a light heart is Grace Knowing that we are filled with forgiveness just because we were born is Grace You will need equal parts of redemption and emancipation to find transformation which is not easy Today the author explains I am stronger and more vibrant than ever before I hauled my tired old ass out of a steep depression to live a better life I hope to make the second half of my life my best achievement yet The journey begins with Grace

The Psychology of Yoga Georg Feuerstein, 2014-01-14 Psychoanalysis itself and the lines of thought to which it gives rise said C G Jung are only a beginner's attempt compared to what is an immemorial art in the East by which he was referring to the millennia old study of the mind found in Yoga That tradition was hardly known in the West when the discipline of psychology arose in the nineteenth century but with the passing of time the common ground between Yoga and psychology has become ever more apparent Georg Feuerstein here uses a modern psychological perspective to explore the ways Hindu Buddhist and Jain yogas have traditionally regarded the mind and how it works and shows how that understanding can enhance modern psychology in both theory and practice
