

A View from the Bridge by Arthur Miller

This guide is written for teachers and students who are studying Arthur Miller's play *A View from the Bridge*. The guide is written specifically for students in the UK, but I hope it may be helpful to users from other parts of the world.

Introduction

This guide is written to help you, but is no substitute for knowing the text. Either read this to yourself, as you would a prose work (it is quite short) or read it aloud. If you can get hold of a recorded version you could listen to this, or you could make a recording of some key episodes yourself. Mark your copy of the play with under-linings and bookmarks. The Heinemann edition of the play has a good general introduction, and you should certainly read this.

This play can be discussed in many different ways and some areas you might like to focus on are: **character**, **action**, **dramatic devices** and **dramatic structures**.

A short history of the play

I am grateful to Nicole de Sapio, who has provided this account.

A View from the Bridge has an unusually complicated performance history. It was originally a screenplay called *The Hook*, written by Miller with assistance from Elia Kazan, who had previously directed the playwright's *All My Sons* and *Death of a Salesman*. The script, dealing as it then did with "waterfront corruption and graft" was eventually withdrawn by Miller in response to the Hollywood studio's complaints that it was un-American (this was, of course, the age of McCarthy – the early 1950s). *The Hook*'s basic themes would nonetheless resurface in Kazan's 1954 film, *On the Waterfront*.

Inspired now by the true story of a Brooklyn dockworker who informed on two illegal immigrants, Miller reconceived *The Hook* as *A View from the Bridge*. The play, a one-act verse drama, was a mild failure on Broadway in 1955: critics found its austere style uninviting. Miller had wanted to create a play that would simply tell the tale he himself had heard, with no attempt to gain audience sympathy for Eddie's – or anyone else's – plight. Consequently, nothing was allowed onstage that did not directly contribute to the action. But Miller ultimately found that he had created a cold play, rather than a fascinating and suspenseful one.

In 1956, *A View from the Bridge* was revised for a new London production. The verse became prose, the length was expanded to two acts, and the characters were allowed to speak more – thus becoming more human and more sympathetic. Whilst we may not identify with the Eddie Carbone of the final version, we are better able to understand what motivates him and therefore to sympathize with his basic dilemma: how to 'let go' of the niece he has raised and loved as a daughter. As Miller writes in his introduction to the published revision:

'Eddie Carbone is still not a man to weep over ... But it is more possible now to relate his actions to our own and thus to understand

The Arthur Miller Journal , 2006 [The American Play](#) Marc Robinson, 2009-01-01 In this brilliant study Marc Robinson explores more than two hundred years of plays styles and stagings of American theater Mapping the changing cultural landscape from the late eighteenth century to the start of the twenty first he explores how theater has and has not changed and offers close readings of plays by O'Neill Stein Wilder Miller and Albee as well as by important but perhaps lesser known dramatists such as Wallace Stevens Jean Toomer Djuna Barnes and many others Robinson reads each work in an ambitiously interdisciplinary context linking advances in theater to developments in American literature dance and visual art The author is particularly attentive to the continuities in American drama and expertly teases out recurring themes such as the significance of visuality He avoids neatly categorizing nineteenth and twentieth century plays and depicts a theater more restive and mercurial than has been recognized before Robinson proves both a fascinating and thought provoking critic and a spirited guide to the history of American drama **Student Companion to Arthur Miller** Susan C. W.

Abbotson, 2000-05-30 This critical introduction to Arthur Miller provides an indispensable aid for students and general

readers to understand the depth and complexity of some of America's most important dramatic works. Beginning with a discussion of his life, this work traces not only Miller's theatrical career but his formative experiences with the Great Depression, the Holocaust, and the House Un-American Activities Committee. Detailed discussions of eight important plays are organized around the social and moral themes Miller derived from such events; these themes are evident in such works as *Death of a Salesman*, *The Crucible*, *A View from the Bridge*, and *All My Sons*. By placing Miller within the context of his times, this discussion reveals how he was influenced by and reacted to the major events in his own life and in American culture. Analysis of his more recent works such as *The American Clock*, *Broken Glass*, and *The Ride Down Mt. Morgan* illustrates the consistency of Miller's strong moral vision and his continuing innovative contributions to American theatre. A fascinating biographical chapter takes readers from Miller's childhood through the Depression years through three marriages and from his theatrical apprenticeship to eventual fame and critical acclaim for his plays and other literary and cinematic projects. The literary heritage chapter outlines Miller's literary and dramatic precursors and considers the major aspects of his dramatic impact. The six chapters discussing his major plays are systematically presented to allow the reader to easily grasp the intricacies of their plots, characterizations, stylistic devices, and themes. In addition, each chapter offers a view of the social and/or historical context that influenced the plays, thematic development, as well as an alternate critical reading that demonstrates the richness of Miller's work. Lastly, the bibliography provides information on Miller's published works, including his screenplays and essays, biographical information, selected general criticism, and both contemporary reviews and critical studies of the plays discussed.

Arthur Miller's Century Stephen Marino, 2017-06-20
Arthur Miller was one of the major American dramatists of the twentieth century, clearly ranking with other truly great American playwrights including Eugene O'Neill, Tennessee Williams, and Edward Albee. The centennial of Miller's birth in New York City on October 17, 1915, was celebrated around the world with a panoply of staged productions, theatrical events, media documentaries, and academic conferences. Miller earned his reputation during a career of more than seventy years in which he achieved critical success in the 1940s and 1950s with the dramas *All My Sons*, *Death of a Salesman*, *The Crucible*, and *A View from the Bridge*. He was also notable for his refusal to name names at his appearance before the House Un-American Activities Committee, his marriage to the film actress Marilyn Monroe, and his spell as president of the literary organization International PEN. Arthur Miller was not only a literary giant but also one of the more significant political, cultural, and social figures of his time. He was a man of conviction and integrity who frequently took stands, popular and unpopular, on the ethical issues that engaged societies throughout the world.
