Ugly White People Stephanie Li, 2023-10-10 Whiteness revealed an analysis of the destructive complacency of white self consciousness White Americans are confronting their whiteness more than ever before with political and social shifts ushering in a newfound racial awareness And with white people increasingly seeing themselves as distinctly racialized not simply as American or human white writers are exposing a self awareness of white racialized behavior from staunch antiracism to virulent forms of xenophobic nationalism *Ugly White People* explores representations of whiteness from twenty first century white American authors revealing white recognition of the ugly forms whiteness can take Stephanie Li argues that much of the twenty first century has been defined by this rising consciousness of whiteness because of the imminent shift to a majority minority population and the growing diversification of America's political social and cultural institutions The result is literature that more directly grapples with whiteness as its own construct rather than a wrongly assumed norm Li contextualizes a series of literary novels as collectively influenced by changes in racial and political attitudes Turning to works by Dave Eggers Sarah Smarsh J D Vance Claire Messud Ben Lerner and others she traces the responses to white consciousness that breed shared manifestations of ugliness The tension between acknowledging whiteness as an identity built on domination and the failure to remedy inequalities that have proliferated from this founding injustice is often the source of the ugly whiteness portrayed through these narratives The questions posed in *Ugly White People* about the nature and future of whiteness are vital to understanding contemporary race relations in America From the election of Trump and the rise of white nationalism to Karen memes and the war against critical race theory to the pervasive pattern of behavior among largely liberal leaning whites Li elucidates truths about whiteness that challenge any hope of national unity and most devastatingly the basic humanity of others Retail e book files for this title are screen reader friendly

The Poetics of Genre in the Contemporary Novel Tim Lanzendörfer, 2015-11-19 *The Poetics of Genre in the Contemporary Novel* investigates the role of genre in the contemporary novel taking its departure from the observation that numerous

contemporary novelists make use of popular genre influences in what are still widely considered to be literary novels it sketches the uses of the work and the value of genre. It suggests the value of a critical look at texts genre use for an analysis of the contemporary moment. From this it develops a broader perspective suggesting the value of genre criticism and taking into view traditional genres such as the bildungsroman and the metafictional novel as well as the kinds of amalgamated forms which have recently come to prominence. In essays discussing a wide range of authors from Steven Hall to Bret Easton Ellis to Colson Whitehead the contributors to the volume develop their own readings of genre's work and valence in the contemporary novel.

Pacific Automobilism Gijs Mom, 2022-09-13 The beginning of the 21st century has seen important shifts in mobility cultures around the world as the West's media driven car culture has contrasted with existing local mobilities from rickshaws in India and minibuses in Africa to cycling in China. In this expansive volume historian Gijs Mom explores how contemporary mobility has been impacted by social, political and economic forces on a global scale as in light of local mobility cultures the car as an adventure machine seems to lose cultural influence in favor of the car's status character.

Travel and Dislocation in Contemporary American Fiction Aliko Varvogli, 2012-03-12 This book offers a critical study and analysis of American fiction at the beginning of the twenty first century. It focuses on novels that go outward literally and metaphorically and it concentrates on narratives that take place mainly away from the US's geographical borders. Varvogli draws on current theories of travel, globalization and post national studies and proposes a dynamic model that will enable scholars to approach contemporary American fiction and assess recent changes and continuities. Concentrating on work by Philip Caputo, Dave Eggers, Norman Rush and Russell Banks the book proposes that American literature's engagement with Africa has shifted and needs to be approached using new methodologies. Novels by Amy Tan, Garrison Keillor, Jonathan Safran Foer and Dave Eggers are examined in the context of travel and globalization and works by Chang-rae Lee, Ethan Canin, Dinaw Mengestu and Jhumpa Lahiri are used as examples of the changing face of the American immigrant novel and the changing meaning of national belonging.

Multiple Narratives, Versions and Truth in the Contemporary Novel Nicholas Frangipane, 2019-10-22 Multiple Narratives, Versions and Truth in the Contemporary Novel considers the shifting perception of truth in fiction. Nicholas Frangipane examines the narrative technique of telling multiple versions of the same sets of events, presenting both true and false versions of the events within a fictional work. This book looks closely at these Reflexive Double Narratives in order to understand the way many contemporary writers have attempted to work past postmodernism without forgetting its lessons. Frangipane explores how writers like Ian McEwan, Yann Martel and Alice Munro have departed from the radical experimentation of their predecessors and instead make sincere attempts to find ways that fictional writing can reveal enduring truths and in so doing redefine the meaning of truth itself and signal the emergence of post postmodernism.

English Literature Ezekiel Leon, 2019-01-28 The book methodically graphs the direction of the English novel from its rise as the chief scholarly class in the mid twentieth century to its mid twenty first century status of unpredictable greatness in new media conditions Precise parts address The English Novel as a Distinctly Modern Genre The Novel in the Economy Genres Gender performativity masculinities woman's rights eccentric and The Burden of Representation class and ethnicity Broadened contextualized close readings of more than twenty key writings from Joseph Conrad's *Heart of Darkness* 1899 to Tom McCarthy's *Satin Island* 2015 supplement the methodical approach and energize future research by giving reviews of gathering and hypothetical points of view Expanding specialization inside the teach of English and American Studies has moved the concentration of insightful dialog toward hypothetical reflection and social settings These improvements have profited the train in more courses than one yet they have likewise brought about a specific disregard of close perusing Therefore understudies and scientists inspired by such material are compelled to swing to grant from the 1970s quite a bit of which depends on dated methodological and ideological presuppositions The handbook means to fill this hole by giving new readings of writings that figure unmistakably in the writing classroom and in academic level headed discussion

Metamedia Alexander Starre, 2015-08-15 Does literature need the book With electronic texts and reading devices growing increasingly popular the codex is no longer the default format of fiction Yet as Alexander Starre shows in *Metamedia* American literature has rediscovered the book as an artistic medium after the first e book hype in the late 1990s By fusing narrative and design a number of bibliographic writers have created reflexive fictions metamedia that invite us to read printed formats in new ways Their work challenges ingrained theories and beliefs about literary communication and its connections to technology and materiality *Metamedia* explores the book as a medium that matters and introduces innovative critical concepts to better grasp its narrative significance Combining sustained textual analysis with impulses from the fields of book history media studies and systems theory Starre explains the aesthetics and the cultural work of complex material fictions such as Mark Z Danielewski's *House of Leaves* 2000 Chip Kidd's *The Cheese Monkeys* 2001 Salvador Plascencia's *The People of Paper* 2005 Reif Larsen's *The Selected Works of T S Spivet* 2009

and Jonathan Safran Foer's *Tree of Codes* 2010 He also broadens his analysis beyond the genre of the novel in an extensive account of the influential literary magazine *McSweeney's Quarterly Concern* and its founder Dave Eggers For this millennial generation of writers and publishers the computer was never a threat to print culture but a powerful tool to make better books In careful close readings Starre puts typefaces layouts and cover designs on the map of literary criticism At the same time the book steers clear of bibliophile nostalgia and technological euphoria as it follows writers designers and publishers in the process of shaping the surprising history of literary bookmaking after digitization

One Man Zeitgeist: Dave Eggers, Publishing and Publicity Caroline D. Hamilton, 2010-10-21 *One Man Zeitgeist* Dave Eggers Publishing and Publicity undertakes the first extensive analysis of the works of Dave Eggers an author who has grown from a small time media upstart into one of the most influential author publishers of the twenty first century Eggers rise to fame is charted in careful detail offering analysis of the circumstances of his success and their effects on the production of his literary oeuvre As both a memoirist and novelist Eggers has distinguished himself from his cohort of young American authors by insisting on seizing the reins of his publishing output The nature of this independent streak is given attention in this study particularly the cultural circumstances of a digitalised consumer society in which books and literature are primarily commodities Hamilton examines this spirit of independence as both a practical and figurative state in Eggers works and seeks to address the reasons why in a contemporary globalised society independence is not only personally gratifying for Eggers but also a popularly successful strategy for producing books
