## **Witness Testimony Evidence Argumentation And The Law:**

Witness Testimony Evidence ,2008      *Witness Testimony Evidence* Douglas Walton,2007-11-19 Recent work in artificial intelligence has increasingly turned to argumentation as a rich interdisciplinary area of research that can provide new methods related to evidence and reasoning in the area of law Douglas Walton provides an introduction to basic concepts tools and methods in argumentation theory and artificial intelligence as applied to the analysis and evaluation of witness testimony He shows how witness testimony is by its nature inherently fallible and sometimes subject to disastrous failures At the same time such testimony can provide evidence that is not only necessary but inherently reasonable for logically guiding legal experts to accept or reject a claim Walton shows how to overcome the traditional disdain for witness testimony as a type of evidence shown by logical positivists and the views of trial sceptics who doubt that trial rules deal with witness testimony in a way that yields a rational decision making process      *Burden of Proof, Presumption and Argumentation* Douglas Walton,2014-06-30 This book explains how burden of proof and presumption work as powerful devices in argumentation based on studying many clearly explained legal and non legal examples It shows how the latest argumentation based methods of artificial intelligence can be applied to these examples to help us understand how burdens of proof and presumptions work as devices of legal reasoning It also shows the reader how to deal with presumptions and burdens of proof in everyday life as they shift from one side to the other sometimes confusingly during a sequence of argumentation

**Legal Evidence and Proof** Henry Prakken,Hendrik Kaptein,2016-04-22 As a result of recent scandals concerning evidence and proof in the administration of criminal justice ranging from innocent people on death row in the United States to misuse of statistics leading to wrongful convictions in The Netherlands and elsewhere inquiries into the logic of evidence and proof have taken on a new urgency both in an academic and practical sense This study presents a broad perspective on logic by focusing on inference not just in isolation but as embedded in contexts of procedure and investigation With special attention being paid to recent developments in Artificial Intelligence and the Law specifically related to evidentiary reasoning this book provides clarification of problems of logic and argumentation in relation to evidence and proof As the vast majority of legal conflicts relate to contested facts rather than contested law this volume concerning facts as prime determinants of legal decisions presents an important contribution to the field for both scholars and practitioners      *Argument Evaluation and Evidence* Douglas Walton,2015-08-04 This monograph poses a series of key problems of evidential reasoning and argumentation It then offers solutions achieved by applying recently developed computational models of argumentation made available in artificial intelligence Each problem is posed in such a way that the solution is easily understood The book progresses from confronting these problems and offering solutions to them building a useful general method for evaluating arguments along the way It provides a hands on survey explaining to the reader how to use current argumentation methods and concepts that are increasingly being implemented in more precise ways for the application of software tools in

computational argumentation systems It shows how the use of these tools and methods requires a new approach to the concepts of knowledge and explanation suitable for diverse settings such as issues of public safety and health debate legal argumentation forensic evidence science education and the use of expert opinion evidence in personal and public deliberations *Arguments, Stories and Criminal Evidence* Floris J. Bex, 2011-02-15 In this book a theory of reasoning with evidence in the context of criminal cases is developed The main subject of this study is not the law of evidence but rather the rational process of proof which involves constructing testing and justifying scenarios about what happened using evidence and commonsense knowledge A central theme in the book is the analysis of ones reasoning so that complex patterns are made more explicit and clear This analysis uses stories about what happened and arguments to anchor these stories in evidence Thus the argumentative and the narrative approaches from the research in legal philosophy and legal psychology are combined Because the book describes its subjects in both an informal and a formal style it is relevant for scholars in legal philosophy AI logic and argumentation theory The book can also appeal to practitioners in the investigative and legal professions who are interested in the ways in which they can and should reason with evidence *Roberts & Zuckerman's Criminal Evidence* Paul Roberts, Adrian Zuckerman, 2022 Providing a systematic and contextualised introduction to the principles of criminal evidence and trial procedure this title is designed for university courses at all levels and for criminal practitioners seeking concise summaries of current law and a principled basis for novel legal arguments Report of Cases Argued and Determined in the Court of Appeals of Alabama Alabama. Court of Appeals, Lawrence H. Lee, 1920 **A Treatise on the Law of Evidence as Administered in England and Ireland** John Pitt Taylor, 1887 *Cases Argued and Decided in the Supreme Court of Mississippi* Mississippi. Supreme Court, 1920 *The Century Dictionary and Cyclopedia: The Century dictionary ... prepared under the superintendence of William Dwight Whitney ... rev. & enl. under the superintendence of Benjamin E. Smith*, 1911 *The Texas Court Reporter*, 1904 **Current Law**, 1908 **The Northeastern Reporter**, 1927 Includes the decisions of the Supreme Courts of Massachusetts Ohio Indiana and Illinois and Court of Appeals of New York May July 1891 Mar Apr 1936 Appellate Court of Indiana Dec 1926 Feb 1927 Mar Apr 1936 Courts of Appeals of Ohio **The Georgia Code, 1926** Georgia, 1926 **Southern Reporter**, 1922 Includes the decisions of the Supreme Courts of Alabama Florida Louisiana and Mississippi the Appellate Courts of Alabama and Sept 1928 Jan 1929 Jan Mar 1941 the Courts of Appeal of Louisiana *Supplement to Vernon's Texas Civil and Criminal Statutes, Embracing All Laws of General Application Passed at the Second and Third Called Sessions of the 33d, and the Regular and Called Sessions of the 34th and 35th Legislatures, Except Such of the Laws as Were Carried Into Vernon's Criminal Statutes of 1916, Annotated with Historical Notes and Notes of Decisions* Texas, 1918 **The Southwestern Reporter**, 1922 **American Digest**, 1928 The Southern Reporter, 1919 Includes the decisions of the Supreme Courts of Alabama Florida Louisiana and Mississippi the Appellate Courts of Alabama and Sept 1928 Jan 1929 Jan Mar 1941 the Courts of Appeal of Louisiana
