In this insightful book, you will discover how you can better meet the rigorous goals of the Common Core by opening new lines of communication with colleagues, parents, and students. Each chapter centers around an action project that was designed to help teachers improve literacy by moving beyond the typical class lessons and worksheets. The projects include: A book club for families of kindergarten and first grade students to help students build foundational literacy skills; A book club designed to engage middle school students with young adult literature using digital forums; Write with your child evenings to help parents connect with their middle school children; An instructional team's challenge to use a range of mentor texts in their classrooms; And much more. As you read each project, you will come away with ideas and inspiration that you can apply to your own teaching.
