poor who lives God's glory was first revealed through Christ to a landless tenant farmer a market woman and an unemployed laborer and they received the power to shine from the church to the world Col n Emeric's study is an exercise in what Latino theologians call *ressourcement* from the margins or a return to theological foundations One of the first Latin American Church Fathers Romero's theological vision is a sign of the emergence of Christianity in the Global South from reflection Church to source Church The hope for this study is that scholars in the fields of theology religious studies and Latin American studies will be captivated by the doctrine of this humble pastor and inspired to think more clearly and act more decisively in solidarity with the poor
