the trajectory of I Can't Get No Satisfaction from the original version by the Rolling Stones through cover versions by Otis Redding, Devo and Britney Spears. The radical deconstruction of pop and rock songs by the Residents and Laibach is also examined with additional studies of cover songs by such as Van Halen, Kim Wilde, Rufus, Harley, the Four Tops, Pat Boone and Johnny Cash. Rather than questions of quality or how a cover song measures up as better or worse than other versions, this book focuses on the ideological implications and social stakes of the same old songs as they are reconfigured to consider comment on and confront political issues of gender, sexuality, race, the nation, state and the generation gap. **Music in**

**American Life** Jacqueline Edmondson, 2013-10-03 A fascinating exploration of the relationship between American culture and music as defined by musicians, scholars and critics from around the world. Music has been the cornerstone of popular culture in the United States since the beginning of our nation's history. From early immigrants sharing the sounds of their native lands to contemporary artists performing benefit concerts for social causes, our country's musical expressions reflect where we as a people have been as well as our hope for the future. This four-volume encyclopedia examines music's influence on contemporary American life, tracing historical connections over time. **Music in American Life: An Encyclopedia of the Songs, Styles, Stars, and Stories That Shaped Our Culture** demonstrates the symbiotic relationship between this art form and our society. Entries include singers, composers, lyricists, songs, musical genres, places, instruments, technologies, music in films, music in political realms and music shows on television.
