Treatise of Revolutionary Psychology Samael Aun Weor, 2025-01-01 Even if one is the most sinful of all sinners one shall yet cross over the ocean of sin by the raft of self knowledge alone As the blazing fire reduces wood to ashes similarly the fire of self knowledge reduces all bonds of karma to

ashes Krishna Bhagavad gita 4 36 37 This book begins by asking the questions Who are we Where do we come from Where are we going What are we living for Why are we living The answers to these questions can be discovered if one knows where and how to look No matter who we are we feel fulfillment happiness and purpose inside of ourselves These qualities are not felt outside of ourselves and cannot be found in external things or circumstances Similarly knowledge of ourselves and our purpose cannot be found in external things but are found inside By knowing what is in our hearts and minds by seeing what we usually ignore we learn not only what we are capable of but also what prevents us from developing our full potential That knowledge shows us the way to genuine change All things all circumstances that occur outside ourselves on the stage of this world are exclusively the reflection of what we carry within With good reason then we can solemnly declare that the exterior is the reflection of the interior When someone changes internally and if that change is radical then circumstances life and the external also change Samael Aun Weor

Fundamentals of Gnostic Education Samael Aun Weor, 2025-02-01 The fundamental education is the science of the consciousness that allows us to discover our relationship with human beings nature and all things The Greek word gnosis means knowledge The higher meaning of gnosis is knowledge of facts acquired from personal experience Gnosis is genuine knowledge of the truth To understand truth one must experience it The greatest human beings in every field philosophy science art and religion did not imitate memorize or remain limited by popular ideas instead they sought gnosis to know the facts for themselves and in finding the facts they changed the world for the better Unfortunately such people are rare The problems afflicting individuals and society today have a simple root cause we have not yet learned how to think Instead people today are taught to memorize and imitate Schools teachers and parents today emphasize what we should think rather than teaching how to think question and analyze so we can recognize the facts deal with them intelligently and experience the truth for ourselves What is the value of accumulating much knowledge within our minds if we continue to be confused What is the value of technical and industrial skills if we use them for the destruction of our fellows It is worthless to receive instruction to attend classes to study if in the process of our daily living we are miserably destroying one another Indeed the true objective of a fundamental education must be to create true men and women who because of their psychological integration are cognizant and intelligent When our consciousness is liberated from the conditioning and restrictions imposed upon it by imitation bad habits defects vices and mistaken beliefs then we can see and experience the truth for ourselves In this way we no longer need to believe anything or follow anyone but are free to express our fundamental nature and realize our full potential This book guides us towards that experience that gnosis We need the union of superior logic and tremendous love heart and mind balanced by conscious awareness of facts This psychological equilibrium empowers us to alter the painful conditions that we suffer within Therefore we need a gnostic education an education based on personal experience of the truth

Christ's Will Samael Aun Weor, 2025-01-01 Throughout the aeons fear and the longing for security enslaved the body of will turning it into a personal defensive barrier

Fear and the longing for security have transformed human will into a wretched victim The moment has arrived to liberate your human will from the horrible prejudices and tenebrous ancestral fear and tendencies Rejoice oh buddha since now your human will shall become Christ s will Christ s will is heroic Christ s will only bows and kneels before the will of the Father Samael Aun Weor Those who have completed the first four Initiations of Major Mysteries must begin the fifth the creation of the causal body which is related with willpower Through the first four initiations the initiate raised the kundalini in the physical body vital body astral body and mental body making the Innermost a Buddha Now with the fifth serpent of fire the will of the Human Soul Tiphereth must reflect the will of the Father Chesed so that the will of Christ can be finally emerge As the kundalini rises through each vertebra of the spinal column the initiate must pass tests that are symbolized in the first thirty three arcana of the Tarot When completed the human will becomes Christ s will Then one is prepared for the incarnation of Christ and the entrance into the straight path the path of the bodhisattva upon which as Christ s will one performs great sacrifices for suffering humanity The fundamental objective of our esoteric studies is to reach Christification The inner Christ is what counts Unfortunately people only think about an historical Christ and this is how they separate themselves from reality They forget that Christ is what is which always has been and what will always be They forget that Christ is the life that beats in each atom as it beats in each Sun They forget that Christ vibrates from instant to instant from moment to moment To incarnate Christ is fundamental Samael Aun Weor

problems for us What I am is in fact the party the group the family the society the nation The individual is the beginning and the ending of every order of things Thus if we want a radical transformation of this bitter and suffering world then we need each of us to individually transform ourselves in a true and very intimate way If we truly want to transform ourselves intimately for the good of the world then we need to liberate the mind and heart from any type of evilness Hell, the Devil, and Karma Samael Aun Weor, 2025-02-01 The three main religions in the West Judaism Christianity and Islam share a common belief of a region called hell where it is said that the souls of the dead suffer eternal punishment Yet few who follow those religions realize that their beliefs are very similar to those of the Greeks Romans Chinese Hindus Buddhists etc who also describe hells devils and punishment for sinners and each also indicate how to avoid falling into hell The similarities among religions are more than mere coincidence since all emerged from the same root Dante symbolized all of this in his Divine Comedy Countless readers have been inspired by his beautiful epic poem and generations of scholars have attempted to unveil its mysteries but failed for one simple reason they were not initiated into the secret knowledge that Dante knew but could not reveal The Divine Comedy comes from an esoteric tradition that studied the root of all religions Only initiates of that tradition can interpret it Now in Hell the Devil and Karma Samael Aun Weor has unveiled what Dante could not the living reality behind the symbols The Divine Comedy begins with the Inferno because it is of most immediate importance for us The hell realms have reality and purpose which is to clean souls of defects and the consequences of mistaken actions If you want to avoid those realms you simply have to eliminate your psychological defects yourself which is the true purpose of meditation and spiritual development To explain all of this Samael Aun Weor describes his own personal experiences investigating those realms yes he consciously and safely experienced them and we can too Most importantly he provides the practical scientific tools we need in order to change the trajectory of our life by awakening our consciousness and eliminating the inner defects that cause suffering and bind us to hell **The Great Rebellion** Samael Aun Weor, 2025-02-01 Our world needs real change inner change This book shows how you can make it happen When one discovers the real cause of so much misery and bitterness it becomes obvious that something can be done Samael Aun Weor Do you want a better world and a better life Do you thirst for genuine happiness You can transcend suffering when you know about The underlying cause of the world s pain and problems What consciousness is and how it works How cause and effect create your life The power within us that can cleanse the mind of faults and darkness This book embraces and clarifies the essential wisdom within all the world s religions and spiritual traditions Yet change does not come from belief or theories Real change comes from self knowledge gnosis The Great Rebellion explains how all of the world s problems addiction war pollution starvation crime come from within us By changing ourselves within we change the world around us This is the genuine foundation of every great spiritual tradition in the world By truly becoming better people the world becomes a better place
