Veterans on Trial Barry R. Schaller, 2012-06-01 Experts anticipate that more than 350 000 veterans of the wars in Iraq and Afghanistan will return to civilian life with posttraumatic stress disorder PTSD Barry R Schaller a judge and a bioethicist chronicles the events leading to what he predicts will be the most challenging PTSD epidemic in U S military history Although combat veterans have experienced similar disorders in previous wars Schaller explains why these two contemporaneous wars in particular are a breeding ground for the condition Veterans on Trial deals with the problem of PTSD from the ground up starting with the issues that returning veterans and their families face When they leave the battlefield to become civilians again many soldiers are not prepared or are unable to cope successfully with the challenges Their compounded anxieties often result in serious trouble divorce job loss homelessness substance abuse suicide and even murder Schaller also explains how PTSD now operates as a means of defense in the criminal court system and how it will affect the courts in the next decade After unveiling this invisible injury among the walking wounded Schaller offers far reaching solutions for returning veterans and their families He specifies what political and judicial officials military leaders legislators and the mental health communities can do to meet their responsibilities to the men and women who serve our nation

James R. Fries, 1955 **Agent Orange on Trial** Peter H. Schuck, 1987 Agent Orange on Trial is a riveting legal drama with all the suspense of a courtroom thriller One of the Vietnam War's farthest reaching legacies was the Agent Orange case In this unprecedented personal injury class action veterans charge that a valuable herbicide indiscriminately sprayed on the luxuriant Vietnam jungle a generation ago has now caused cancers birth defects and other devastating health problems Peter Schuck brilliantly recounts the gigantic confrontation between two million ex soldiers the chemical industry and the federal government From the first stirrings of the lawyers in 1978 to the court plan in 1985 for distributing a record 200 million settlement the case which is now on appeal has extended the frontiers of our legal system in all directions In a book that is as much about innovative ways to look at the law as it is about the social problems arising from modern science Schuck restages a sprawling complex drama The players include dedicated but quarrelsome veterans a crusading litigator class action organizers flamboyant trial lawyers astute court negotiators and two federal judges with strikingly different judicial styles High idealism self promotion Byzantine legal strategies and judicial creativity combine in a fascinating portrait of a human struggle for justice through law The Agent Orange case is the most perplexing and revealing example until now of a new legal genre the mass toxic tort Such cases because of their scale cost geographical and temporal dispersion and causal uncertainty present extraordinarily difficult challenges to our legal system They demand new approaches to procedure evidence and the definition of substantive legal rights and obligations as well as new roles for judges juries and regulatory agencies Schuck argues that our legal system must be redesigned if it is to deal effectively with the increasing number of

chemical disasters such as the Bhopal accident ionizing radiation asbestos DES and seepage of toxic wastes He imaginatively reveals the clash between our desire for simple justice and the technical demands of a complex legal system **Veterans'**

Combat by Trial Nancy Miller Saunders,2008 Nancy Miller Saunders once lived in sheltered academe But that all changed when she joined a group of filmmakers to document demonstrations by Vietnam Veterans Against the War Soon she found herself being hounded just as much as the veterans themselves She focused on her role as an investigator recording the stories of a number of veterans and their families In *Combat by Trial* she allows them to speak in their own voices through interviews and personal writings while also telling her own story You will be entranced by stories of Saunders connection to two of the spies that the FBI sent to infiltrate the VVAW How Saunders worked with VVAW defense attorneys in the fabricated case against the Gainesville 8 How laws such as the Patriot Act and Military Commissions Act are once again stripping citizens of their rights And much more Historians journalists and students will all enjoy *Combat by Trial* An Odyssey with 20th Century Winter Soldiers a cautionary tale that shows that history does indeed repeat itself
