Veto Players How Political Institutions Work

Philip Norton

Veto Players How Political Institutions Work:

Veto Players George Tsebelis, 2011-06-16 Political scientists have long classified systems of government as parliamentary or presidential two party or multiparty and so on But such distinctions often fail to provide useful insights For example how are we to compare the United States a presidential bicameral regime with two weak parties to Denmark a parliamentary unicameral regime with many strong parties Veto Players advances an important new understanding of how governments are structured The real distinctions between political systems contends George Tsebelis are to be found in the extent to which they afford political actors veto power over policy choices Drawing richly on game theory he develops a scheme by which governments can thus be classified He shows why an increase in the number of veto players or an increase in their ideological distance from each other increases policy stability impeding significant departures from the status quo Policy stability affects a series of other key characteristics of polities argues the author For example it leads to high judicial and bureaucratic independence as well as high government instability in parliamentary systems The propositions derived from the theoretical framework Tsebelis develops in the first part of the book are tested in the second part with various data sets from advanced industrialized countries as well as analysis of legislation in the European Union Representing the first consistent and consequential theory of comparative politics Veto Players will be welcomed by students and scholars as a defining text of the discipline From the preface to the Italian edition Tsebelis has produced what is today the most original theory for the understanding of the dynamics of contemporary regimes This book promises to remain a lasting contribution to political analysis Gianfranco Pasquino Professor of Political Science University of Bologna

The Oxford Handbook of Political Institutions R. A. W. Rhodes, Sarah A. Binder, Bert A. Rockman, 2008-06-13 The study of political institutions is among the founding pillars of political science With the rise of the new institutionalism the study of institutions has returned to its place in the sun This volume provides a comprehensive survey of where we are in the study of political institutions covering both the traditional concerns of political science with constitutions federalism and bureaucracy and more recent interest in theory and the constructed nature of institutions The Oxford Handbook of Political Institutions draws together a galaxy of distinguished contributors drawn from leading universities across the world Authoritative reviews of the literature and assessments of future research directions will help to set the research agenda for the next decade

Handbook of Comparative Political Institutions Adrian Vatter, Rahel Freiburghaus, 2024-10-03 This comprehensive Handbook presents a broad range of theoretical methodological and empirical perspectives on the comparative study of political institutions Exploring cutting edge developments in the field it provides new insight into the significant diversity and impact of political institutions across space and time This title contains one or more Open Access chapters

Comparing and Classifying Legislatures David Arter, 2013-09-13 Recent years have witnessed substantial work in the legislative studies field But what do we know about legislatures today and are there clear criteria for comparing and classifying them This is a new review of

the state of our knowledge of parliament and tackles key questions Do legislatures matter in legislative terms and if so how much What is the extent of the legislature s control of the legislative process How can we classify legislatures on the basis of their relative legislative performance Five measures of the policy power of parliaments are applied in the country region chapters This book was previously published as a special issue of the leading Journal of Legislative Studies

The Impact of Legislatures Philip Norton,2020-09-10 The Impact of Legislatures brings together key articles and path breaking scholarship published in The Journal of Legislative Studies during its first 25 years of publication enabling the reader to make sense of the impact of legislatures in the modern world Encompassing theory comparative analysis and county based empirical studies the volume examines the impact of legislatures as the key representative institutions of nations addressing their relationships both to government and to the people Legislatures are ubiquitous They provide legitimacy to measures of public policy and to government As such they are key to how a nation is governed But they do much more than confer legitimacy They are generally multi functional and functionally adaptable bodies and are an essential link between citizen and government However scholarship on them has not been extensive and has often been descriptive and country specific limiting the capacity to make sense of them as a particular species of institution The chapters in this volume reflect scholarship that helps the reader appreciate the significance of the place and consequences of legislatures examining not only the relationship between the legislature and the executive but also the oft neglected relationship between legislatures and the people Reflecting the growing body of research in the field of legislative studies carried by The Journal of Legislative Studies since its inception in 1995 The Impact of Legislatures is essential reading for anyone wishing to understand the impact of legislatures in the world today

The Handbook of West European Pension Politics Ellen, M. Immergut,Karen, M. Anderson,Isabelle Schulze,2007-01-04 Comparative analysis of pension systems in the EU 15 countries and Switzerland Gives an overview of the political institutions and party systems and traces the proposed and enacted pension reforms since the 1980s

Following Their Leaders Randall G. Holcombe,2023-03-23 The political preferences of citizens and voters are derived from those offered to them by the political elite

International Encyclopedia of Political Science Bertrand Badie,Dirk Berg-Schlosser,Leonardo Morlino,2011-09-07 Developed in partnership with the International Political Science Association this must have authoritative political science resource in eight volumes provides a definitive picture of all aspects of political life

Worse Than a Monolith Thomas J. Christensen,2011-03-14 In brute force struggles for survival such as the two World Wars disorganization and divisions within an enemy alliance are to one s own advantage However most international security politics involve coercive diplomacy and negotiations short of all out war Worse Than a Monolith demonstrates that when states are engaged in coercive diplomacy combining threats and assurances to influence the behavior of real or potential adversaries divisions rivalries and lack of coordination within the opposing camp often make it more difficult to prevent the onset of conflict to prevent existing conflicts from escalating and to negotiate the end to those

conflicts promptly Focusing on relations between the Communist and anti Communist alliances in Asia during the Cold War Thomas Christensen explores how internal divisions and lack of cohesion in the two alliances complicated and undercut coercive diplomacy by sending confusing signals about strength resolve and intent In the case of the Communist camp internal mistrust and rivalries catalyzed the movement s aggressiveness in ways that we would not have expected from a more cohesive movement under Moscow s clear control Reviewing newly available archival material Christensen examines the instability in relations across the Asian Cold War divide and sheds new light on the Korean and Vietnam wars While recognizing clear differences between the Cold War and post Cold War environments he investigates how efforts to adjust burden sharing roles among the United States and its Asian security partners have complicated U S China security relations since the collapse of the Soviet Union

Constitutionalization of Politics in Comparative Perspective Paweł Laidler,Dariusz Stolicki,Łukasz Jakubiak,Jacek Sokołowski,2024-11-25 Scholars from political science and law examine the latest research on the constitutionalization of politics in comparative perspective The scope includes both inter country and intra country perspectives institutional and systemic analyses common and civil law systems focusing on historical and contemporary case studies There are chapters limited to a concrete legal and political system analyzing the tools and processes guarding constitutionalization of politics in such countries as the United States Germany France Italy Poland Finland and Bulgaria as well as studies offering comparative analysis of various institutions representing different countries and different legal and political systems Taken together this book uncovers a wide variety of legal and political cultures systems of governments and forms of territorial organization Once uncovered this approach makes it easier to determine repetitive patterns which may be observed in constitutional review and constitutional interpretation or significant differences occurring in the models of constitutionalization of politics around the world *Constitutionalization of Politics in Comparative Perspective* tackles important debates among academics interested in the theoretical and practical aspects of constitutions and constitutionalism and will appeal to social scientists including sociologists philosophers security studies and international relations experts but also cultural studies scholars The publication is a result of a research project *Constitutionalization of Politics as an Element of Checks and Balances System in Comparative Perspective* funded by the Polish National Science Center NCN 2018 31 B HS5 02637

The Top Books of the Year Veto Players How Political Institutions Work The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have enthralled audiences this year. Veto Players How Political Institutions Work : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Veto Players How Political Institutions Work : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Veto Players How Political Institutions Work : Delia Owens' "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
