Betwixt and Between Liminality and Marginality Zohar Hadromi-Allouche, Michael Hubbard MacKay, 2023-03-20 *Betwixt and Between Liminality and Marginality* Mind the Gap offers an interdisciplinary thinking on the marginal within society Using the framework of Victor Turner's earlier notions of liminality the book both challenges Turner's symbolic anthropology and celebrates its continued influence across disciplines and under new theoretical constraints Liminality in its simplest forms provides language for meaningful approaches to articulate transition and change It also represents complex social theories beyond Turner's classical symbolic approach While demonstrating the enduring relevance of Turner's language for expressing transition this volume keeps an eye toward the validity of critiques against him It thus theorizes with Turner's work while updating even abandoning some of his primary ideas when applying it to contemporary social issues A central focus of this volume is marginality Turner recognized that marginals like liminars are betwixt and between however they lack assurance that their ambiguity will be resolved This volume explores the dialogic relationship of space and agency to recognize marginal groups and people and inquire without a harmonious resolution what happens to the marginals Have race class gender and sexual orientation
