## **View From The Altar Reflections On The Rapidly Changing Catholic Priesthood:**

**View from the Altar** Howard P. Bleichner, 2004 Authority Bleichner offers this fascinating glimpse into the eyes of a priest what it means to be a priest and to live through the remarkable changes of the past 30 years **A Life of Daring Simplicity** Michael A. Becker, 2014 If priests want the people entrusted to their care to develop a meaningful spiritual life they must provide a living example of what that is In *A Life of Daring Simplicity* Daily Meditations on the Priesthood Michael Becker helps priests provide that example Monsignor Becker has gathered a powerful collection of reflections drawn from an impressively wide array of great spiritual guides Pope Saint John Paul II is well represented here and so is Karl Rahner We also hear from Catherine de Hueck Doherty and Adrian Von Speyr Pedro Arrupe and Columba Marmion and many more Each passage challenges priests to reflect on their own vocation Every page is filled with holy wisdom that will nourish priestly ministry and invite readers to embrace a life of daring simplicity words used by Pope Saint John XXIII to describe his own life Each day includes a Scripture verse an inspiring insight on the priestly life and a closing prayer or question to prompt deeper reflection Spend a few minutes every day with these meditations and you will deepen your own commitment to your ministry and find ever more zeal to serve those entrusted to your care *From Celibate Catholic Priest to Married Protestant Minister* Stephen Joseph Fichter, 2015-07-15 *From Celibate Catholic Priest to Married Protestant Minister* Shepherding in Greener Pastures describes a previously unstudied population of celibate Catholic priests who left the priesthood and eventually became married Protestant ministers Stephen Fichter alternates from narrative to descriptive as he follows the lives of three of his study participants before during and after their dual transition The descriptive sections include a history of religiously motivated celibacy and a review of the four leading forerunners in the field of Catholic clergy research This scholarly study is the first time that these transitional clerics have candidly explained their difficult journeys of discernment Religion love loss and commitment are all analyzed in the context of this unique group of men and the profiles in this book are memorable not only for the richness of their content but also and maybe most importantly for their humanity Lessons can be drawn for all people especially those who have ever suffered a mid life crisis *The Sixties and Beyond* Nancy Christie, Stephen J. Heathorn, Michael Gauvreau, 2013-03-07 In the decades following the Second World War North America and Western Europe experienced widespread secularization and dechristianization many scholars have pinpointed the 1960s as a pivotally important period in this decline *The Sixties and Beyond* examines the scope and significance of dechristianization in the western world between 1945 and 2000 A thematically wide ranging and interdisciplinary collection *The Sixties and Beyond* uses a framework that compares the social and cultural experiences of North America and Western Europe during this period The internationally based contributors examine the dynamic place of Christianity in both private lives and public discourses and practices by assessing issues such as gender relations family life religious education the changing relationship of church and state and the internal dynamics of religious organizations *The Sixties and Beyond* is an

excellent contribution to the burgeoning scholarship on the 1960s as well as to the history of Christianity in the western world

**Poor Formation as a Principal Factor to the Crisis in Priesthood Today** Paul UCHE Nwobi, 2012-09-27 This book is on the spirituality of life crisis and formation When this spirituality is denied or neglected life is in crisis The Church with its priesthood is losing its face and meaning in today's world due to the evading crisis How to define and contain this crisis in today's world and cultures is what this book is all about Without a well grounded spirituality of formation life is a bundle of crisis with a limited vision meaning and purpose This book is a must read for everyone especially school teachers college professors seminary formators bishops priests religious men and women students seminarians and aspirants to religious life

**Perversion of Power** Mary Gail Frawley-O'Dea, 2007 Since 2002 the Roman Catholic Church has been in crisis over the sexual abuse of minors by priests and the cover up of those crimes by bishops Over 11 000 alleged victims have reported their experiences to the Church and more than 4 700 priests since 1950 have been credibly accused of sexually victimizing minors The Church has paid over one billion dollars to adults who claim to have been sexually abused by priests and there is no end in sight to these lawsuits Celibacy homosexuality in the priesthood the infiltration into the priesthood of secular moral relativism too much liberalism in the Church since Vatican II damaging rollback of Vatican II reforms by conservative prelates all have been suggested as causes for the crisis This book however begins with the premise that because the pattern of abuse and cover up was so similar across the world there is something fundamentally awry with Church traditions and power structures in relationship to sexuality and sexual abuse Specifically in chapters on suffering and sadomasochism bodies and gender desire and sexuality celibacy and homosexuality the author concludes that aspects of the Catholic theology of sexuality set the stage for the abuse of minors and its cover up Frawley O'Dea also analyzes the American bishops lack of pastoral care and tendency towards clerical narcissism the belief that the needs of the hierarchy represent the needs of the wider Church as central factors in the scandal She balances this criticism with a discussion of the backgrounds of the bishops presiding over the crisis and the challenges they faced in their relationships with the Pope and Vatican officials Drawing on twenty years of clinical experience she imagines the dynamics of sexual abuse both from the victim's point of view and from the priest's and she probes why the Church hierarchy fellow priests and lay people were silent for so long Finally Frawley O'Dea examines factors internal to the Church and outside of it that drew this scandal into the public square and kept it there

**Boys of the Cloth** Vincent J. Miles, 2012-10-02 Drawing on the author's unusual background as a seminarian turned scientist and business executive Boys of the Cloth presents a unique analysis of the sexual abuse crisis in the Catholic Church The book combines a first hand account of seminary life during the 1960s a period that turns out to be crucial for understanding the crisis with explorations of the history of the seminary system current scientific knowledge about abusive behavior and the Church's own investigations into the epidemic of abuse by its priests Through the interplay between these topics two paradoxical conclusions emerge First that the epidemic was caused by an

ancient reform intended to eradicate rather than encourage clerical corruption Second that it was reversed by modern Church policies with no obvious connection to sexual abuse Boys of the Cloth will transform your understanding of predatory behavior by priests and of measures that will be crucial to prevent it      **The Shared Parish** Brett C. Hoover, 2014-08-15 As faith communities in the United States grow increasingly more diverse many churches are turning to the shared parish a single church facility shared by distinct cultural groups who retain their own worship and ministries The fastest growing and most common of these are Catholic parishes shared by Latinos and white Catholics Shared parishes remain one of the few institutions in American society that allows cultural groups to maintain their own language and customs while still engaging in regular intercultural negotiations over the shared space This book explores the shared parish through an in depth ethnographic study of a Roman Catholic parish in a small Midwestern city demographically transformed by Mexican immigration in recent decades Through its depiction of shared parish life the book argues for new ways of imagining the U S Catholic parish as an organization The parish argues Brett C Hoover must be conceived as both a congregation and part of a centralized system and as one piece in a complex social ecology The Shared Parish also posits that the search for identity and adequate intercultural practice in such parishes might call for new approaches to cultural diversity in U S society beyond assimilation or multiculturalism We must imagine a religious organization that accommodates both the need for safe space within distinct groups and for social networks that connect these groups as they struggle to respectfully co exist      *The Catholic Periodical and Literature Index* ,2008      *Broken Promises*: Finbarr M Corr Ed. D., 2012-03-28 To understand trends in the Roman Catholic Church since Vatican Council II 1962 1965 Finbarr Corr s new book Broken Promises is required reading With his skill as an Irish storyteller that was vividly evident in his prior books Corr a former priest constructs an important new window on what he describes as the Church s third major crisis since Jesus Christ established it on Simon Peter the Rock Drawing on decades of vital experience as a crusading priest innovative family therapist and provocative educator and author Dr Corr asks if the Church can survive its failure to follow through on the dictates of Vatican Council II which was initiated by Pope John XXIII to open up the windows of the church and let in some fresh air Dr Corr provides a fresh look at the fifty years since Vatican II and presents a rich study of the Church s relationship to the modern world Broken Promises provides new insights into this challenging topic Tom O Connell B A M A S F O Publisher of sanctuary777 com and Author of Power Politics Propaganda Observations of a Curious Contrarian
