L'Histoire pas bête Jean-Michel Billioud, Pascal Lemaître, 2022-04-20 Si les cours d'histoire permettent aux enfants de conceptualiser le temps de se repérer dans la durée et dans le meilleur des cas de développer leur conscience de futurs citoyens ils abordent rarement les questions qui les intéressent concrètement Est-ce qu'il y avait des toilettes dans les châteaux Pourquoi on donnait des numéros aux rois Qui a appris aux hommes préhistoriques dessiner Pourquoi connaît-on plein de rois et presque aucune reine Est-ce que les hommes préhistoriques avaient des animaux de compagnie Est-ce que les rois se brossaient les dents Voilà autant de questions qui trouveront ici leur réponse et plus encore À travers toutes ces questions c'est aussi la place des femmes dans la société travers les époques qui est interrogée la question de la colonisation galement celle de l'enseignement de l'histoire dans le monde ou encore la problématique de l'appropriation culturelle mais toujours avec des mots simples en mêlant anecdotes et recherches historiques et avec l'humour des illustrations de Pascal Lemaître Histoire pas bête est un livre indispensable pour découvrir l'Histoire autrement et prendre plaisir comprendre comment vivaient les femmes et les hommes qui nous ont précédés *Livres de France*, 2007 Includes 1982 1995 Les Livres du mois also published separately

Le nouvel empire des ›kami‹ Edouard L'Hérisson, 2025-06-30 How does shintô have taken part into the Japanese conquest of the Manchurian frontier Modern shintô is often seen as a unified ritual system based on shrines which are considered either as places embodying State shintô or as popular places of worship This point of view is even more emphasized in the case of overseas shrines erected during the Japanese expansion in Asia The first purpose of this book is to show that these two dimensions are complementary and take part in the imperial movement in Manchuria during the first half of the 20th century Contrarily to previous studies for example Shimizu 2022 and Nakajima 2010 that usually focus on shrines it focuses on the cases of three shintô leaders involved in the building process of Japanese Manchuria Matsuyama Teizō 1878 1947 Deguchi Onisaburō 1871 1948 and Kakei Katsuhiko 1872 1961 These three cases allow us to shed light on three different ways of appropriating Manchurian space enabling us to understand how such leaders are in the meantime driven by and driving forces behind the diffusion of shintô in particular but also the imperial process in general in these territories stretching from the Liaodong peninsula to Inner Mongolia **LIVRES DU MOIS JUILLET-AOÛT 2001**, 2001
