Westmoreland The General Who Lost Vietnam:

Westmoreland Lewis Sorley, 2017-11-01 A terrific book lively and brisk a must read for anyone who tries to understand the Vietnam War Thomas E Ricks Is it possible that the riddle of America's military failure in Vietnam has a one word one man answer Until we understand Gen William Westmoreland we will never know what went wrong in the Vietnam War An Eagle Scout at fifteen First Captain of his West Point class Westmoreland fought in two wars and became Superintendent at West Point Then he was chosen to lead the war effort in Vietnam for four crucial years He proved a disaster Unable to think creatively about unconventional warfare Westmoreland chose an unavailing strategy stuck to it in the face of all opposition and stood accused of fudging the results when it mattered most In this definitive portrait prize winning military historian Lewis Sorley makes a plausible case that the war could have been won were it not for General Westmoreland An authoritative study offering tragic lessons crucial for the future of American leadership Westmoreland is essential reading Eye opening and sometimes maddening Sorley's Westmoreland is not to be missed John Prados author of Vietnam The History of an Unwinnable War 1945-1975 Westmoreland Lewis Sorley, 2012 General Lewis Walt: Operational Art in Vietnam, 1965-1967 Major Jeremy G. Swenddal, 2015-11-06 This study investigates the significant effect of mobility counter mobility survivability and topographic engineering on the American Civil War Campaign of Chancellorsville The operations occurred near Fredericksburg Virginia in April and May of 1863 In the battle the Confederate Army of Northern Virginia decisively defeated the Union Army of the Potomac Engineer related considerations contributed immensely to the Confederate victory Engineer battlefield functions influenced the operations of both armies The Union Engineer Brigade constructed numerous pontoon bridges to overcome the river obstacles prior to and following the battle This capability allowed the Union Army to initially surprise and envelop the Confederate Army The natural obstacles of the rivers and forests and manmade obstacles of abatis hindered maneuver Survivability was a significant factor during the fighting At Chancellorsville the Confederates used entrenchments for the first time in open operations This strengthened their economy of force in front of the Union Army and gave Stonewall Jackson mass during his successful enveloping attack Finally topographic engineering was important through map production and reconnaissance by engineers This study concludes that the Confederate Army integrated the engineer battlefield functions more effectively than the Union Army In part this explains the decisive Confederate victory **General Creighton Abrams And The Operational Approach Of Attrition In The Vietnam War** Major Thom Duffy Frohnhoefer, 2015-11-06 General Creighton Abrams assumed command of United States forces in the Republic of South Vietnam in the summer of 1968 In recent years this change in leadership has been viewed as a radical departure from the operational approach implemented by his predecessor General William Westmoreland This monograph proposes that the United States Armed Forces consistently followed a strategy of attrition from the introduction of battalion sized combat troops in 1965 through the Westmoreland Abrams transition and ultimately encouraged the South

Vietnamese to follow this strategy during the period of Vietnamization The National Command Authority and General Westmoreland specifically adopted a strategy of attrition in February of 1966 The Military Assistance Command Vietnam implemented this strategy throughout 1966 and accelerated the strategy in 1967 when General Abrams became General Westmoreland's deputy commander The operations were specifically designed to attrite Viet Cong and North Vietnamese regular forces as outlined in the 1966 meeting The Tet offensive of January 1968 appeared to discredit the strategy of attrition and contributed to the ouster of Westmoreland and his replacement by General Abrams General Abrams promoted a one war strategy which had the desired end state of population security for the people of South Vietnam In reality the one war was a multi tiered strategy of attrition While the tactics of large scale search and destroy missions were modified the operational purpose was not Simultaneously the Phoenix Program conducted constant low level attrition warfare at the village level to prevent the resurgence of the Viet Cong While these operations were being conducted the national command authority adopted the policy of Vietnamization in the summer of 1969 Army History, 1989 **Westmoreland's War** Gregory Daddis, 2014 This groundbreaking study offers a major reinterpretation of American strategy during the first half of the Vietnam War Gregory A Daddis argues senior military leaders developed a comprehensive campaign strategy one not confined to attrition of enemy forces This innovative work is a must for a genuine understanding of the Vietnam War

Democratic Counterinsurgents William Patterson, 2016-06-21 This book explores the ways in which democracies can win counterinsurgencies when they implement a proper strategy At a time when the USA is retrenching from two bungled foreign wars that involved deadly insurgent uprisings this is a particularly important argument Succumbing to the trauma of those engagements and drawing the wrong conclusions about counterinsurgency can only lead to further defeat in the future Rather than assuming that counterinsurgency is ineffective it is crucial to understand that a conventional response to an insurgent challenge is likely to fail Counterinsurgency must be applied from the beginning and if done properly can be highly effective even when used by democratic regimes In fact because such regimes are often wealthier have more experience at institution building and functional governance are more pluralistic in nature and therefore enjoy higher levels of legitimacy than do autocracies democracies may have considerable advantages in counterinsurgency warfare Rather than give up in despair democracies should learn to leverage these advantages and implement them against future insurgencies *Why South Vietnam Fell* Anthony James Joes, 2014-10-16 Between 1954 and 1963 President Ngo Dinh Diem against great odds but with U S assistance built a functioning South Vietnamese state But gravely misled by American journalists in Saigon the U S embassy in league with second tier members of the State Department urged certain South Vietnamese generals to stage a coup against Diem resulting in his brutal murder Despite the instability after Diem's murder the South Vietnamese Army performed well during the 1968 Tet Offensive and the 1972 Easter Offensive In proportion to population South Vietnamese Army losses were much greater than American losses Nevertheless the American media ignored South Vietnamese sacrifices

and completely misrepresented the consequences of the Tet Offensive The disastrous peace agreement the U S forced on the South Vietnamese in 1973 made continuing American support vital But Congress began to slash aid to South Vietnam so that its soldiers had to fight on with dwindling supplies of fuel ammunition and medicine Under these circumstances the South Vietnamese attempted to regroup their army into the provinces around Saigon an effort that ended in disaster The final chapter reflects on the meaning of the conflict and the tragedy that abandonment by Washington and conquest by Hanoi brought upon the South Vietnamese people An Appendix presents a strategy for preserving a South Vietnamese state with the commitment of a relatively small number of U S forces **The American South and the Vietnam War** Joseph A.

Fry,2015-06-19 To fully comprehend the Vietnam War it is essential to understand the central role that southerners played in the nation s commitment to the war in the conflict s duration and in the fighting itself President Lyndon B Johnson of Texas and Secretary of State Dean Rusk of Georgia oversaw the dramatic escalation of U S military involvement from 1965 through 1968 General William Westmoreland born and raised in South Carolina commanded U S forces during most of the Johnson presidency Widely supported by their constituents southern legislators collectively provided the most dependable support for war funding and unwavering opposition to measures designed to hasten U S withdrawal from the conflict In addition southerners served died and were awarded the Medal of Honor in numbers significantly disproportionate to their states populations In *The American South and the Vietnam War* Joseph A Fry demonstrates how Dixie s majority pro war stance derived from a host of distinctly regional values perspectives and interests He also considers the views of the dissenters from student protesters to legislators such as J William Fulbright Albert Gore Sr and John Sherman Cooper who worked in the corridors of power to end the conflict and civil rights activists such as Martin Luther King Jr Muhammad Ali and Julian Bond who were among the nation s most outspoken critics of the war Fry s innovative and masterful study draws on policy analysis and polling data as well as oral histories transcripts and letters to illuminate not only the South s influence on foreign relations but also the personal costs of war on the home front Abandoned Shipmate Ladson F. Mills, III,2019-01-07

Ricks,2012-10-30 A New York Times bestseller An epic history of the decline of American military

leadership from the bestselling author of Fiasco and Churchill and Orwell While history has been kind to the American generals of World War II Marshall Eisenhower Patton and Bradley it has been less kind to the generals of the wars that followed such as Koster Franks Sanchez and Petraeus In The Generals Thomas E Ricks sets out to explain why that is In chronicling the widening gulf between performance and accountability among the top brass of the U S military Ricks tells the stories of great leaders and suspect ones generals who rose to the occasion and generals who failed themselves and their soldiers In Ricks s hands this story resounds with larger meaning about the transmission of values about strategic thinking and about the difference between an organization that learns and one that fails

Ground Combat Ben Connable,2025 Ground Combat reveals the gritty details of land warfare at the tactical level and challenges the overly subjective and often inaccurate American approach to characterizing war Ben Connable s motivation for writing the book is to replace overly subjective analyses with an evidence based approach to examining war From analyzing a set of over 400 global ground combat cases Connable shows there has been a modest and evolutionary shift in the characteristics of ground combat from World War II through the early 2020s This evidence of gradual change repudiates the popular but often hyperbolic arguments about military technical revolutions and that there is a singular character of war in the modern era Connable identifies past and current weaknesses in military design and strategy examines common characteristics in modern ground combat from the data and reframes the debate over the historical and prospective impact of emerging technologies on war Ground Combat sets an evidentiary baseline and a new detail oriented standard for conflict research and policymaking

Wrong Turn Gian Gentile,2015-03-03 A searing indictment of US strategy in Afghanistan from a distinguished military leader and West Point military historian A remarkable book National Review In 2008 Col Gian Gentile exposed a growing rift among military intellectuals with an article titled Misreading the Surge Threatens U S Army s Conventional Capabilities that appeared in World Politics Review While the years of US strategy in Afghanistan had been dominated by the doctrine of counterinsurgency COIN Gentile and a small group of dissident officers and defense analysts began to question the necessity and efficacy of COIN essentially armed nation building in achieving the United States limited core policy objective in Afghanistan the destruction of Al Qaeda Drawing both on the author s experiences as a combat battalion commander in the Iraq War and his research into the application of counterinsurgency in a variety of historical contexts Wrong Turn is a brilliant summation of Gentile s views of the failures of COIN as well as a trenchant reevaluation of US operations in Afghanistan Gentile is convinced that Obama s surge in Afghanistan can t work And if Afghanistan doesn t turn around soon the Democrats who have come to embrace the Petraeus Nagl view of modern warfare may find themselves wondering whether it s time to go back to the drawing board The New Republic

The Odd Couple Alan Behm, 2024-07-02 A set of provocative ideas about recalibrating the relationship between Australia and the USA to deliver peace and prosperity rather than conflict and disharmony America matters Australia matters They matter to each other They matter to the world Their institutional and structural alignments are deep and powerful Americans believe in themselves Australians believe in each other They are mates They are gregarious Americans are single minded and ambitious Success is the reward for effort Australians are happy go lucky They do not push themselves too hard Americans honour success Australians cut down tall poppies Both are brash There are also many contrasts America is religious Australia is secular Curiously their differences help to explain why they are so close and why their relationship is so superficial They share interests they like winning and being in charge they like wealth and they like being liked They like condescension and excluding people they do not like

National security is a major shared interest So is racism America's and Australia's recent wars have all been against non-whites Vietnam Iraq and Afghanistan are worse off for the wars we fought So are we Despite the political rhetoric America and Australians do not share values They do not share the values of equality inclusion respect tolerance and trust They do share a pervasive sense of insecurity America supports a gun and war culture regardless of the costs and Australia supports American adventurism unconditionally Their focus on security emphasises war not peace America is floundering and appears to have lost its way It needs friends that advise and encourage As rich and powerful first world nations America and Australia share a problem how to recalibrate their relationship to deliver peace and prosperity rather than conflict and disharmony In *The Odd Couple* Allan Behm suggests ways that America and Australia can transcend military glitz to strengthen well-being and human security worldwide America needs a friend not a flunkie and Australia may become its best ally

Justice for Vietnam Bright Quang, 2022-05-10 Bright Quang is a Vietnamese American poet sculptor writer and prisoner of war He came to the United States on November 22 1993 He keeps up the respectful faiths and the just cause when he loves literature and art more than everything in his life just because art is long-lasting and power is short Therefore he falls in love with literature and avoids inhuman wars In fact the amoral wars not only deprived him of the rights to life of innocent humankind but also trampled their human dignity to mud The Vietnam War murdered three million innocent people One legal government by the Vietnamese people voted and sold off the Vietnam Armed Forces to Mainland China which have three million astute troops and sent to jail one million Southern officers And three hundred thousand Southern officers were killed without being sentenced His fatherland had been destroyed for the natural resources and environment by the toxic chemicals Significantly his literature is mightier than the amoral war as it has altered his super-sublime to enslaved guy As a result he must keep up the modern civilization of the world when he stood up with his strong legs and his sublime energy Even good Bright Quang has been published eighteen books in the English language He has exhibited many pieces of artwork seven times in the US after he graduated with a bachelor in art and two years of nonprofit management This accordance with a superpower modern civilized and progressive let him struggle for justice as a prisoner of war because wisdom must win the inhuman war The better struggle for equality

rather than make an enslaved artist by the discrimination and racism in the United States of America Justice for Vietnam by Bright Quang He struggles for justice as a prisoner of war Just because the unjust laws are to be the self evident truths of constitutional rights the use of the greatest power deprives of the rights to the life of innocent humankind without having regrets Significantly the insensitivity of the superpower America not only robbed the other sacred foreign sovereignty the Republic of Vietnam but also had the lack of ethical consciences has trampled down the weakest people to satisfy their belligerent aggressions Despite this this powerful nation has not respected to express the right religions but they have used figures of religion as a powerful expression of their sublime s powers His wisdom struggles to conquer the delusive laws while a modern civilization expresses a play on a trick in the laws Obviously all the laws of a superpower America have been enacted for the Vietnam War which is why a great power has not enforced any laws When great power America not only abused the laws to bully a weak nation but also trampled the sovereignty and self determination of a small country like the Republic of Vietnam down In this event the laws of great power America are expressed belligerent by inhumanity and amorality without having been enforced for justice cause So the respectfulness of the laws is lost by the chicanery policy or so called the sick of the US have against society The super values of the law are clarified by the justice cause if the law has not been enforced thoroughly We would call the unjust laws of the superpower America Therefore we the people should fight for justice as civilized citizens because the law is logically symbolized by the rule of law without a dictatorship Furthermore the law is equally expressed by the honor human dignity and constitution of the people s race and the nation and people not deprived As a result the law is the law Finally when a great power has enacted unjust law to become the constitutional rights so superpower American does not represent a modern civilized and progressive society Of course superpower and modern civilization America not esteemed law oneself but also discriminated against human beings in all without having regretted which is why the government of the United States of America proudly deprived the rights to life of mankind as the Southern Army Forces Bright Quang has composed eighteen books while being a poet sculptor and painter He struggles for justice as a prisoner of war of proxy war America in the Republic of Vietnam without having compensated for prisoner of war when the US Congress enacted HR 7885 Pub L 88 205 approved December 16 1963 to occupy his country And after then the US sold the Republic of Vietnam for socialism by the core of interests While he came to the US on November 23 1993 graduated with a bachelor s degree in art and earned nonprofit management in CSU Hayward East Bay As a result the rest of his life fights for justice because justice is the same as oxygen for humans alive is peaceful as demagoguery has against the justice of the unjust law of the US has become the constitutional rights His wisdom must struggle for justice without having had fearless
