Creating Moments of Joy Along the Alzheimer's Journey Jolene Brackey, 2016-11-15. The beloved best seller has been revised and expanded for the fifth edition. Jolene Brackey has a vision that we will soon look beyond the challenges of Alzheimer's disease to focus more of our energies on creating moments of joy. When people have short-term memory loss, their lives are made up of moments. We are not able to create perfectly wonderful days for people with dementia or Alzheimer's, but we can create perfectly wonderful moments—moments that put a smile on their faces and a twinkle in their eyes. Five minutes later, they will not remember what we did or said, but the feeling that we left them with will linger. The new edition of *Creating Moments of Joy* is filled with more practical advice sprinkled with hope, encouragement, new stories, and generous helpings of humor. In this volume, Brackey reveals that our greatest teacher is having cared for and loved someone with Alzheimer's and that often what we have most to learn about is ourselves.

Caregiving for Alzheimer's Disease and Related Disorders Steven H. Zarit, Ronda C. Talley, 2012-12-02. Key coverage in *Caregiving for Alzheimer's Disease and Related Disorders* includes early diagnosis and family dynamics; emotional needs of caregivers; developmentally appropriate long-term care for people with Alzheimer's; family caregivers as members of the Alzheimer's treatment team; legal and ethical issues for caregivers; faith and spirituality; the economics of caring for individuals with Alzheimer's disease; cultural, racial, ethnic, and socioeconomic issues of minority caregivers; advances in Alzheimer's disease research. *Caregiving for Alzheimer's Disease and Related Disorders* offers a wealth of insights and ideas for researchers, practitioners, and graduate students across the caregiving fields, including psychology, social work, public health, geriatrics, and gerontology, and medicine, as well as public and education policy makers.
