Characteristics and Causes of America's Polarized Politics Pietro S. Nivola, 2006 Analysts and pundits increasingly perceive a widening gulf between red states and blue states Yet the research to support that perception is scattered and sometimes difficult to parse America's polarized politics it is said poses fundamental dangers for democratic and accountable government Heightened partisanship is thought to degrade deliberation in Congress and threaten the integrity of other institutions from the courts to the media But how deep do the country's political divisions actually run Are they truly wreaking havoc upon the social fabric Has America become a house
