Who Was Charles Dickens:

The Complete Works of Charles Dickens Charles Dickens, 2009-01-01 It is impossible to overstate the importance of British novelist CHARLES DICKENS 1812 1870 not only to literature in the English language but to Western civilization on the whole He is arguably the first fiction writer to have become an international celebrity He popularized episodic fiction and the cliffhanger which had a profound influence on the development of film and television He is entirely responsible for the popular image of Victorian London that still lingers today and his characters from Oliver Twist to Ebenezer Scrooge from Miss Havisham to Uriah Heep have become not merely iconic but mythic But it was his stirring portraits of ordinary people not the upper classes or the aristocracy and his fervent cries for social moral and legal justice for the working poor and in particular for poor children in the grim early decades of the Industrial Revolution that powerfully impacted social concerns well into the 20th century Without Charles Dickens we may never have seen the likes of Sherlock Holmes Upton Sinclair or even Bob Dylan Here in 30 beautiful volumes complete with all the original illustrations is every published word written by one of the most important writers ever The essential collector's set will delight anyone who cherishes English literature and who takes pleasure in constantly rediscovering its joys This volume contains Pictures from Italy an 1846 travelogue featuring delightful observations on the street life of the great cities of that land and American Notes a journal of Dickens's 1842 visit to the United States and Canada the trip that provided the inspiration for his novel Martin Chuzzlewit **Charles Dickens** Charles Dickens, 2018-03-13 This superb collection of classic Victorian literature features the most notable works of Charles Dickens including Oliver Twist 1839 A Christmas Carol 1843 A Tale of Two Cities 1859 and Great Expectations 1861 Considered the greatest novelist of the Victorian era Dickens was especially known for his unusual characters incisive social commentary and carefully constructed plots Over the last two centuries his popular fiction has continued to inspire adaptations in nearly artistic genre and now it is available complete and unabridged in this gorgeous slipcase edition The stylish clothbound hardcover also features a ribbon marker historical timeline and comprehensive introduction enlightening the reader on the author's life and works The Works of Charles Dickens Charles Dickens, 2019-02-22 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you
