Verwaltungsgerichtsordnung Wolf R Diger Schenke:

Boards of Appeal of EU Agencies Merijn Chamon, Annalisa Volpato, Mariolina Eliantonio, 2022-03-10 While the EU agencies that have been granted the power to adopt binding decisions are a diverse group they at least share one feature in all of them an organisationally separate administrative review body i.e. a board of appeal has been established The review procedures before these boards must be exhausted before private parties can seize the EU courts and the boards therefore all fulfil a similar function filtering cases before they end up before the courts and providing parties by expert driven review Sharing this common function as well as some common features the boards of appeal of the different agencies remain heterogeneous in their set up and functioning This raises a host of questions from both a theoretic and practical perspective which this volume analyses in depth how do the boards function which kind of review do they offer and how should they be conceptualized in the EU's overall system of legal protection against administrative action To answer these questions the volume's first part presents a series of case studies covering all the EU boards of appeal currently in existence while a second part looks into the horizontal issues raised by the phenomenon of the boards of appeal

Introduction to German Law Joachim Zekoll, Gerhard Wagner, 2018-11-28 It is thirteen years since the appearance of the successful second edition of this convenient English language introduction to the law of Germany This new edition covers all the significant changes and innovations that have occurred during that period encompassing the pervasive impacts of European Union law and of globalization as well as the greatly increased activity of the German legislature in every area addressed in this volume With fifteen lucid chapters written by academic experts in their respective fields of law as well as detailed bibliographies this is the ideal starting point for research whenever a question of German law must be answered The authors clearly explain the legal concepts customs and rules arising from such basic elements as the following characteristic problems of German legal unity principles and practices of constitutional law administrative law and procedure the German Commercial Code formation and conduct of corporations and partnerships contracts tort liability property rights family law succession and inheritance labor and employment issues of private international law courts and civil procedure the penal code and criminal procedure Introduction to German Law Third Edition provides an authoritative description of all issues likely to emerge in the course of normal application of German law in any context

Administrative Litigation Systems in Greater China and Europe Yuwen Li, 2016-03-23 Administrative litigation systems are a rapidly developing legal field in many countries This book provides a comparative study of the administrative litigation systems in China Hong Kong Taiwan and Macao as well as a number of selected European countries that covers both states with an advanced rule of law and new democracies Despite the different historical backgrounds and the broader context which has cultivated each individual system this collective work illustrates the common characteristics of the rapid development of administrative litigation systems since the 1990s as a consequence of the advancement of the rule of law at a global level All of the contributors have addressed a wide array of key

issues in their particular jurisdiction including court jurisdiction the scope of judicial review grounds of litigation claims and mediation in judicial process Whilst pointing out the shortcomings and challenges which are faced by each jurisdiction the book offers both ideas and inspiration on how the systems can learn from and influence each other This book is essential reading for those studying Chinese law administrative litigation and comparative law as well as judges and lawyers specialising in administrative litigation and administrative courts
