Vietnamese Communism 1925 1945:

Vietnamese Communism, 1925-1945 Kim Khánh Huỳnh, 1986 From a cell of nine men in 1925 the Vietnamese Communists grew by December 1976 into a massive party with over 1 5 million members and the organizational and military capabilities to defeat the United States What factors account for the outstanding success of the Indochinese Communist Party In this book Huynh Kim Khanh traces the Vietnamese Communist movement from its inception as a radical youth group founded by Ho Chi Minh then Nguyen Ai Quoc to its half planned half accidental victory in 1945 Vietnamese Communism, 1925-1945 Huynh Kim Khan, 1989 *Vietnamese Communism* Kim Khánh Huỳnh, 1972 **The Information Animal** Alicia Wanless, 2025-08-13 Humanity has always craved and feared information Alicia Wanless offers a fresh understanding of the relationship between people technology and knowledge today and throughout history **A History of the Vietnamese** K. W. Taylor, 2013-05-09 The history of Vietnam prior to the nineteenth century is rarely examined in any detail In this groundbreaking work K W Taylor takes up this challenge addressing a wide array of topics from the earliest times to the present day including language literature religion and warfare and themes including Sino Vietnamese relations the interactions of the peoples of different regions within the country and the various forms of government adopted by the Vietnamese throughout their history *A History of the Vietnamese* is based on primary source materials combining a comprehensive narrative with an analysis which endeavours to see the Vietnamese past through the eyes of those who lived it Taylor questions long standing stereotypes and clichés about Vietnam drawing attention to sharp discontinuities in the Vietnamese past Fluently written and accessible to all readers this highly original contribution to the study of Southeast Asia is a landmark text for all students and scholars of Vietnam *Historical Dictionary of Vietnam* Bruce M. Lockhart, William J. Duiker, 2006-02-27 Vietnam became part of French Indochina in 1887 and did not regain its independence again until after the Vietnam War However despite a relatively peaceful two decades the country experienced little economic growth because of conservative leadership policies In an effort to change this stagnation Vietnamese authorities have committed to economic liberalization and enacted structural reforms needed to modernize the economy and to produce more competitive export driven industries The third edition of this dictionary focuses on the recent changes and leadership of Vietnam while giving due attention to the earlier kingdoms the period of French Indochina the wars for liberation the Vietnam War and much more Hundreds of cross referenced A to Z dictionary entries are included on political economic social and cultural aspects as well as the major cities and geographic features This book also contains a chronology and introduction that traces Vietnam's history as well as a bibliography **Ho Chi Minh** Pierre Brocheux, 2007-03-12 A fascinating biography of the Vietnamese icon Ho Chi Minh *The Vietnam War Re-Examined* Michael Kort, 2018 An overview of the revisionist case on the Vietnam War showing how it could have been won by the US at a lower cost than was suffered in defeat The Encyclopedia of the Vietnam War Bloomsbury Publishing, 2011-05-20 Now in its second edition this comprehensive study of the Vietnam War

sheds more light on the longest and one of the most controversial conflicts in U S history The Vietnam War lasted more than a decade was the longest war in U S history and cost the lives of nearly 60 000 American soldiers as well as millions of Vietnamese many of whom were uninvolved civilians The lessons learned from this tragic conflict continue to have great relevance in today s world Now in its second edition The Encyclopedia of the Vietnam War A Political Social and Military History adds an entire additional volume of entries to the already exhaustive first edition making it the most comprehensive reference available about one of the most controversial events in U S history Written to provide multidimensional perspectives into the conflict it covers not only the American experience in Vietnam but also the entire scope of Vietnamese history including the French experience and the Indochina War as well as the origins of the conflict how the United States became involved and the extensive aftermath of this prolonged war It also provides the most complete and accurate order of battle ever published based upon data compiled from Vietnamese sources This latest release delivers even more of what readers have come to expect from the editorship of Spencer C Tucker and the military history experts at ABC CLIO

Vietnam at War Mark Philip Bradley, 2009-03-26 The Vietnam War tends to conjure up images of American soldiers battling an elusive enemy in thick jungle the thudding of helicopters overhead But there were in fact many Vietnam wars an anticolonial war with France a cold war turned hot with the United States a civil war between North and South Vietnam and among the southern Vietnamese a revolutionary war of ideas over what should guide Vietnamese society into its postcolonial future and finally a war of memories after the official end of hostilities with the fall of Saigon in 1975 This book looks at how the Vietnamese themselves experienced all of these conflicts showing how the wars for Vietnam were rooted in fundamentally conflicting visions of what an independent Vietnam should mean that in many ways remain unresolved to this day Drawing upon twenty years of research Mark Philip Bradley examines the thinking and the behaviour of the key wartime decision makers in Hanoi and Saigon while at the same time exploring how ordinary Vietnamese northerners and southerners men and women soldiers and civilians urban elites and rural peasants radicals and conservatives came to understand the thirty years of bloody warfare that unfolded around them and how they made sense of its aftermath
