Vuurwapens van 1840 tot heden J. Lenselink, 1975 **Banditry in West Java** Margreet van Till, 2011-01-01 Banditry was rife around Batavia modern Jakarta during the late colonial period with at least one major robbery committed every day Banditry in West Java identifies the bandits and describes their working methods and their motives which often went beyond simple self enrichment It also explores the world of the robbers victims city dwellers for whom the robbers were the antithesis of civilization convenient objects onto which respectable citizens projected their own preoccupations with sex violence and magic The colonial police force in the Dutch East Indies was reformed in the early 1920s and banditry was subsequently brought under control However the bandit tradition lived on in Javanese popular imagination and folk culture not least in tales of Si Pitung a Robin Hood figure who flourished in nineteenth century Batavia The author argues that banditry in Batavia was closely linked with the modernization process particularly the ready availability of firearms and the rise of a money economy However her findings do little to support suggestions that banditry should be seen as part of the revolutionary struggle for independence in Indonesia Banditry in West Java is a translation of *Batavia bij Nacht Bloei en ondergang van het Indonesisch roverswezen in Batavia en de Ommelanden 1869 1942* Amsterdam Uitgeverij Aksant 2006

Frontiers of Fear Peter Boomgaard, 2008-10-01 For centuries reports of man eating tigers in Indonesia Malaysia and Singapore have circulated shrouded in myth and anecdote This fascinating book documents the big cat human relationship in this area during its 350 year colonial period re creating a world in which people feared tigers but often came into contact with them because these fierce predators prefer habitats created by human interference Peter Boomgaard shows how people and tigers adapted to each other s behavior each transmitting this learning from one generation to the next He discusses the origins of stories and rituals about tigers and explains how cultural biases of Europeans and class differences among indigenous populations affected attitudes toward the tigers He provides figures on their populations in different eras and analyzes the factors contributing to their present status as an endangered species Interweaving stories about Malay kings colonial rulers tiger charmers and bounty hunters with facts about tigers and their way of life the book is an engrossing combination of environmental and micro history **Vuurwapens van 1840 tot heden , Repertorium van boeken en**
