Wise, 2007-10-01 If we learn to listen and observe carefully the dying can teach us important things that we need to learn in preparing for the end of our own life's journey From standing at

the bedside of the dying Dr Robert Wise came to realize there were important patterns and steps that the dying were trying to describe And yet many miss these life lessons when they go to great lengths to avoid a conversation or encounter with the dying Wise learned by stopping and listening to the dying that we can get beyond our morbid fears of death to come to a place of peaceful acceptance and to be able to look ahead to a dignified celebration of death Inspiring stories of those with one foot stepping into eternity give us assurance hope and a fresh expectation of what lies beyond the grave We can all face it without fear Here are fascinating stories offering reassurance and promise *Intimate Death* Marie De Hennezel, 2009-06-17 How do we learn to die Most of us spend our lives avoiding that question but this luminous book a major best seller in France answers it with a directness and eloquence that are nothing less than transforming As a psychologist in a hospital for the terminally ill in Paris Marie de Hennezel has spent seven years tending to people who are relinquishing their hold on life She tells the stories of her patients and their families de Hennezel teaches us how to turn death our loved ones or our own from something lonely and agonizing into a sacred passage She discusses the importance of an honest reckoning the value of ritual the necessity of touch In imparting these lessons *Intimate Death* becomes a guide to living more fully more intensely than we had thought possible Unique Of all the books I have read about the endings of our lives this elegiac testimony has taught me the most Sherwin B Nuland M D author of *How We Die* The quiet obvious truths de Hennezel discovers in her work these things have a kind of cumulative power Washington Post Book World From the Trade Paperback edition
