Doing Museology Differently Duncan Grewcock, 2013-09-05 One might believe that museum studies is a stable field of academic inquiry based on a set of familiar institutional forms and functions. But as institutions museums have never been stable or singular and neither has the discipline of museum studies. Museum studies as a field of academic inquiry has received little critical attention. One result of this neglect has arguably been a lack of invention in museum studies; another is the distancing of academic museum studies from museum practice. *Doing Museology Differently* charts a different course. A critical creative reflection on academic practice, the book takes the form of a narrative account of museological fieldwork. A research story unfolds, challenging academic conventions at the level of its own presentation. The book combines critical museum visiting with an autobiographical voice. The identification of a previously underexplored interdisciplinary space leads the author to experiment with museum studies using contemporary developments in the theory and practice of human geography. The new approaches to museological research and representation that emerge from this unique inquiry challenge assumed institutional and intellectual boundaries and act as a call to further creative experimentation. **Invitation Only**

Murder Leslie Meier, 2019-11-26 With family tensions intensifying in Tinker's Cove, part-time reporter Lucy Stone could really use some time off the grid, but disconnecting from reality comes at a deadly price. Lucy doesn't know what to expect as she arrives on a private Maine island owned by eccentric billionaire Scott Newman, only that the exclusive experience should make for a very intriguing feature story. An avid environmentalist, Scott has stripped the getaway of modern conveniences in favor of an extreme eco-friendly lifestyle. A trip to Holiday Island is like traveling back to the nineteenth century, much to the dismay of the island's other residents. Before Lucy can get the full scoop on Scott, she is horrified to find one of his daughters dead at the bottom of a seaside cliff. Stuck on a clammy island with murder suspects aplenty, Lucy must tap into the limited resources around her to outwit a cold-blooded killer before it's lights out for her next. **The Best Toys, Books and Videos**
