Tribal Designs Coloring S Grownups:

Tribal Designs Wendy Zurbowich, 2015-11-25 Each book in the Coloring Books for Grownups series contains 50 outline drawings ready for coloring and is designed for older children and adults of all ages who are looking to escape the stresses of modern living and simply relax This the seventh book in the series is designed to really let your imagination run wild in the incredibly colorful world of tribal design Tribal art covers a fairly wide spectrum but tribal prints and patterns almost always have one thing in common their bold and imaginative use of color Coloring for grown ups is very popular today and there are many explanations for this interest Some of the reasons for its popularity include Coloring Relieves Stress And Anxiety Psychiatrists have long known that coloring relaxes the fear center of the brain and permits your mind to get some rest Indeed Carl Jung the founder of analytical psychology is known to have given his patients mandalas to color over one hundred years ago In the hectic world we inhabit today the stress relieving properties of coloring are possibly more valuable than they have ever been Coloring Trains Your Brain To Focus Keeping inside the lines as you color a simple black and white line drawing takes focus and while you concentrate on this stress free and relaxing activity you can forget about your worries Coloring is a mind exercise which allows you to set aside everything for the time you spend doing it and this is extremely important in our busy world Coloring Helps To Develop Fine Motor Skills And Vision Coloring forces the two hemispheres of the brain to work together and involves both the use of logic necessary to color forms and creativity as we mix and match colors This in turn brings those areas of the brain responsible for vision and fine motor skills into play and helps to keep these active and develop them further It is this aspect of coloring which is being seen more and more as especially valuable for older individuals as many believe that it can delay or even prevent the onset of dementia Coloring Gives You The Chance To Be Social Although you might feel that coloring should be a solo activity its growing popularity is rapidly turning it into a social one Friends families work colleagues and others are getting together to eat drink and enjoy the opportunity to socialize through their shared interest in coloring books Indeed this is a great excuse for partying as coloring requires only minimal concentration and can be done easily in a group Coloring Allows You To Be Yourself There are no rules when it comes to coloring and your coloring book is just that your coloring book If you accidentally color the cat s rear leg green because you thought that it was part of the grass who is going to care Should you decide to make the sky pink does it really matter You can be as creative and experimental as you wish because this is your coloring book and yours alone When it comes to picking colors remember that the British based but American born artist James Whistler once said Mauve is just pink trying to be purple You may already be a convert to adult coloring in which case you will already know and appreciate its value This may however be a new venture for you and one which you are looking at for any one of several different reasons If this is something new for you then I urge you to try it out There is a reason why so many people are fired up about the world of adult coloring so jump on board and start to enjoy the benefits for yourself today *Multicultural Literature for Children*
