Triumph Of The Lamb A Commentary On Revelation:

Triumph of the Lamb Dennis Edward Johnson, 2001 Concludes Whenever Revelation works on us as God intends it to we trust love and fear Jesus more Pastors church leaders and students will find in this commentary a clearer understanding of the triumph of the Lamb along with the encouragement the church needs to persevere in purity worship and witness Book jacket

Priesthood and Temple in John's Apocalypse Timothy B. Tse, 2024-12-12 Timothy B Tse argues that while John uses language drawn from the Hebrew Bible's descriptions of YHWH's dwelling place scholarship has overlooked the importance of his spatial transformation of that language Tse thus uses theories relating to Relevance Resistance Theory Critical Space Theory and Conceptual Metaphor to demonstrate that a significant part of John's apocalyptic strategy of resistance is to re-present his vision to his audience spatially so that they can experience a divinely ordained alternative to the world in which they live Tse first demonstrates John's attempts to relegate his audience's experience of space to his own revelation John's description of the visionary world creates the metaphors the earth is a Sanctuary and the Saints are its priests Tse argues that under this view life on earth must be evaluated according to the concerns of the Sanctuary which by definition requires the removal of everything impure and the Saints namely all Christians in both the historic and visionary worlds must take priestly responsibility for the earth John therefore portrays the Saints joining in the removal of all impurity upon the earth by fighting as priests in God and the Lamb's war against Satan Babylon and all her impurities Tse concludes that overall John means to realign the church's experience of space so that they understand themselves as priests of the Sanctuary and live according to that reality [The Zondervan Encyclopedia of the Bible, Volume 5](#) Merrill C.

world Reformed theologian and professor Michael Horton wrote *Pilgrim Theology* as a more accessible companion to his award winning systematic theology *The Christian Faith* widely praised for its thorough treatment of the biblical and historical foundations of Christian doctrine In *Pilgrim Theology* his focus is in putting the study of theology into the daily drama of discipleship Each chapter will orient you toward a clear understanding about Who God is What our relationship is to him And what our faith in Jesus Christ means in our daily walk as well as in the context of the narrative of Scripture and the community of the church Through accessible chapters on individual doctrines as well as frequent Key Distinction boxes that succinctly explain the differences between important themes you ll gain an understanding of doctrines that may have sounded like technical seminary terms to you before justification sanctification glorification union with Christ and others You have a working theology already an existing understanding of God It s the goal of *Pilgrim Theology* to help you examine that understanding more closely and have it challenged and strengthened *An Introduction to the New Testament* D. A.

Carson, Douglas J. Moo, 2009-05-26 Grasp the message of the New Testament by focusing on the essentials *An Introduction to the New Testament* focuses on historical questions dealing with authorship date sources purpose destination and so forth ensuring that the New Testament books will be accurately understood within historical settings For each New Testament document the authors also provide a substantial summary of the book s content discuss the book s theological contribution to the overall canon and give an account of current studies on the book including recent literary and social science approaches to interpretation This second edition reflects significant revision and expansion from the original making this highly acclaimed text even more valuable A new chapter provides a historical survey examining Bible study method through the ages The chapter on Paul has been expanded to include an analysis of debates on the new perspective The discussion of New Testament epistles has been expanded to form a new chapter This new edition is an ideal textbook for seminary students and will help a new generation better grasp the message of the New Testament **Revelation's Great Love Story** Larry L.

Lichtenwalter, 2008 *The Book of Revelation The Apocalypse* Words that often call to mind bizarre creatures strange seals dreadful plagues and a slew of other mystifying symbols Most of us approach this last book of the Bible with forebodings rather than hope To us John s vision seems more like a nightmare But the elderly apostle begins with a statement that doesn t seem to fit the rest of the book The revelation of Jesus Christ Apparently he intends to unveil something tremendously important about Jesus Something life changing Something we can t afford to miss Larry Lichtenwalter explores a side of Revelation seldom portrayed Christ s passionate love for humanity This recurring theme subtly appears in the imagery and symbolism throughout John s vision The slain Lamb The divine protective sealing The blood bleached white robes The heart wrenching prayer of the saints Without Christ s love these scenes and symbols would mean nothing Ultimately John s vision reveals the extraordinary love of our Savior for His rebellious undeserving children and the incredible reasons we can love Him in return **The Fathers on the Future: A 2nd-Century Eschatology for the 21st-Century Church** Michael J.

Svigel,2024-11-05 Dive into the classic eschatology of Irenaeus of Lyons with The Fathers on the Future as you unpack key truths untangle misunderstandings and get a deeper understanding of this balanced and biblically sound end times framework Many today with an interest in the end times face a problem they have forgotten the past Knowing the history of eschatology is key to understanding its importance how we interpret our faith and our outlook on God and humanity So why do so many overlook it and what can we do to correct this The Fathers on the Future uses a thorough exegetical and theological analysis to defend the foundation and structure of the second century premillennial futurist eschatology of Irenaeus of Lyons and other church fathers It makes a case for a contemporary Irenaeian premillennial eschatology arguing that it is a reliable framework for a biblically defensible theologically balanced and historically informed eschatology The Fathers on the Future includes these key features Restores historical perspective Recovers the forgotten roots of early Christian eschatology emphasizing the teachings of Irenaeus of Lyons and other church fathers Biblically grounded framework Offers a well supported case for a biblically defensible premillennial eschatology balancing theology and history Clarifies and corrects Clarifies complex aspects of early eschatology strengthens key theological points and corrects missteps Fresh yet ancient approach Presents an eschatological perspective that is new to modern readers but deeply rooted in ancient Christian traditions The Fathers on the Future begins with the belief that Irenaeus and other early church fathers represented a widespread and well developed eschatology inherited from those who were close associates of the apostles It then explores some of features of that early eschatology clarifying obscure points strengthening some elements and correcting a few missteps By looking back to Irenaeus and the eschatological emphases of his age this book provides a new approach to eschatology today new to contemporary readers but ancient in its original perspective [Themelios, Volume 47, Issue 1](#)

 Alexis, 2018-04-03 A person can be brought into bondage in two different ways by force or by his own will Force is a crude
 way of bringing a person into submission but using the persons own free will can be done sophisticatedly and covertly Under
 the banner of democracy and freedom America has been under the bondage of what E Michael Jones has aptly called sexual
 liberation and political control for over fifty years In the first two volumes of the trilogy Alexis explored these ideological
 themes In this last volume he expands on some of those pernicious ideas emphasizing how Zionism for over sixty years has
 shaken the moral philosophical and intellectual foundation of much of Western culture The Iraq War alone will cost America
 at least six trillion dollars and as if to prove that America is still in bondage the oppressors continue to use sophisticated
 means to seduce Americans so that perpetual wars will never cease to exist in the Middle East and in much of the world This
 book will seek to address these and related issues and in the process tell us something about the fundamental nature of
 reality and how to approach this cosmic conflict which has dominated the West for over a thousand years **Themelios,**
