Triumph Forsaken The Vietnam War 1954 1965

Mark Moyer

Triumph Forsaken The Vietnam War 1954 1965:

Triumph Forsaken Mark Moyer, 2006-08-28 Drawing on a wealth of new evidence from all sides *Triumph Forsaken* first published in 2007 overturns most of the historical orthodoxy on the Vietnam War Through the analysis of international perceptions and power it shows that South Vietnam was a vital interest of the United States The book provides many insights into the overthrow of South Vietnamese President Ngo Dinh Diem in 1963 and demonstrates that the coup negated the South Vietnamese government's tremendous and hitherto unappreciated military and political gains between 1954 and 1963 After Diem's assassination President Lyndon Johnson had at his disposal several aggressive policy options that could have enabled South Vietnam to continue the war without a massive US troop infusion but he ruled out these options because of faulty assumptions and inadequate intelligence making such an infusion the only means of saving the country **Triumph**

Forsaken Mark Moyer, 2006 Drawing on a wealth of new evidence from all sides *Triumph Forsaken* overturns most of the historical orthodoxy on the Vietnam War Through the analysis of international perceptions and power it shows that South Vietnam was a vital interest of the United States The book provides many new insights into the overthrow of Ngo Dinh Diem in 1963 and demonstrates that the coup negated the South Vietnamese government's tremendous and hitherto unappreciated military and political gains between 1954 and 1963 After Diem's assassination President Lyndon Johnson had at his disposal several aggressive policy options that could have enabled South Vietnam to continue the war without a massive US troop infusion but he ruled out these options because of faulty assumptions and inadequate intelligence making such an infusion the only means of saving the country http://www.loc.gov/catdir/enhancements/fy0642/2006008555_d.html *Triumph*

Regained Mark Moyer, 2023-01-10 *Triumph Regained The Vietnam War 1965 1968* is the long awaited sequel to the immensely influential *Triumph Forsaken The Vietnam War 1954 1965* Like its predecessor this book overturns the conventional wisdom using a treasure trove of new sources many of them from the North Vietnamese side Rejecting the standard depiction of U S military intervention as a hopeless folly it shows America's war to have been a strategic necessity that could have ended victoriously had President Lyndon Johnson heeded the advice of his generals In light of Johnson's refusal to use American ground forces beyond South Vietnam General William Westmoreland employed the best military strategy available Once the White House loosened the restraints on Operation Rolling Thunder American bombing inflicted far greater damage on the North Vietnamese supply system than has been previously understood and it nearly compelled North Vietnam to capitulate The book demonstrates that American military operations enabled the South Vietnamese government to recover from the massive instability that followed the assassination of President Ngo Dinh Diem American culture sustained public support for the war through the end of 1968 giving South Vietnam realistic hopes for long term survival America's defense of South Vietnam averted the imminent fall of key Asian nations to Communism and sowed strife inside the Communist camp to the long term detriment of America's great power rivals China and the Soviet Union *The*

Vietnam War Re-Examined Michael Kort, 2018 An overview of the revisionist case on the Vietnam War showing how it could have been won by the US at a lower cost than was suffered in defeat **Oppose Any Foe** Mark Moyer, 2017-04-25 The epic story of America's most elite warriors the Special Operations Forces Born as small appendages to the conventional armies of World War II the Special Operations Forces have grown into a behemoth of 70 000 troops including Navy SEALs Army Special Forces Special Operations Marines Rangers and Delta Force Weaving together their triumphs and tribulations acclaimed historian Mark Moyer introduces a colorful cast of military men brimming with exceptional talent courage and selflessness In a nation where the military is the most popular institution America's Special Operations Forces have become the most popular members of the military Through nighttime raids on enemy compounds and combat advising of resistance movements special operators have etched their names into the nation's registry of heroes Yet the public knows little of the journey that they took to reach these heights a journey that was neither easy nor glamorous Fighting an uphill battle for most of their seventy five year history the Special Operations Forces slipped on many an occasion and fell far on several Presidents from Franklin Roosevelt to Barack Obama have enthusiastically championed Special Operations Forces but their enthusiasm has often surpassed their understanding resulting in misuse or overuse of the troops Lacking clearly defined missions Special Operations Forces have had to reinvent themselves time and again to prove their value in the face of fierce critics many of them from the conventional military which from the start opposed the segregation of talent in special units Highlighting both the heroism of America's most elite soldiers and the controversies surrounding their meteoric growth *Oppose Any Foe* presents the first comprehensive history of these special warriors and their daring missions It is essential reading for anyone interested in America's military history and the future of warfare *Storms over the Mekong* William Pace Head, 2020-04-30 From the defeat of the Army of the Republic of Vietnam at Ap Bac to the battles of the Ia Drang Valley Khe Sanh and more *Storms over the Mekong* offers a reassessment of key turning points in the Vietnam War Award winning historian William P Head not only reexamines these pivotal battles but also provides a new interpretation on the course of the war in Southeast Asia In considering Operation Rolling Thunder for example which Head dubs as too much rolling and not enough thunder readers will grasp the full scope of the campaign from specifically targeted bridges in North Vietnam to the challenges of measuring success or failure the domestic political situation and how over time Head argues slowly but surely Rolling Thunder dug itself into a hole Likewise Head shows how the battles for Saigon and Hue during the Tet Offensive of 1968 were tactical defeats for the Communist forces with as many as 40 000 killed and no real gains At the same time however Tet made it clear to many in Washington that victory in Vietnam would require a still greater commitment of men and resources far more than the American people were willing to invest *Storms over the Mekong* is a blow by blow account of the key military events to be sure But beyond that it is also a measured reconsideration of the battles and moments that Americans thought they already knew adding up to a new history of the Vietnam War **The Psychological War for Vietnam,**

1960-1968 Mervyn Edwin Roberts III, 2018-02-28 *The Psychological War for Vietnam 1960 1968* for the first time fully explores the most sustained intensive use of psychological operations PSYOP in American history In PSYOP US military personnel use a variety of tactics mostly audio and visual messages to influence individuals and groups to behave in ways that favor US objectives Informed by the author's firsthand experience of such operations elsewhere this account of the battle for hearts and minds in Vietnam offers rare insight into the art and science of propaganda as a military tool in the twentieth century *The Psychological War for Vietnam 1960 1968* focuses on the creation capabilities and performance of the forces that conducted PSYOP in Vietnam including the Joint US Public Affairs Office and the 4th PSYOP Group In his comprehensive account Mervyn Edwin Roberts III covers psychological operations across the entire theater by all involved US agencies His book reveals the complex interplay of these activities within the wider context of Vietnam and the Cold War propaganda battle being fought by the United States at the same time Because PSYOP never occurs in a vacuum Roberts considers the shifting influence of alternative sources of information especially from the governments of North and South Vietnam but also from Australia Korea and the Philippines *The Psychological War for Vietnam 1960 1968* also addresses the development of PSYOP doctrine and training in the period prior to the introduction of ground combat forces in 1965 and finally shows how the course of the war itself forced changes to this doctrine The scope of the book allows for a unique measurement of the effectiveness of psychological operations over time [Vietnam's American War](#) Pierre Asselin, 2018-01-11 A survey of the Vietnamese communist experience during the Vietnam War 1954 75 with a focus on high level decision making and military planning **Rethinking the Vietnam War** John Dumbrell, 2012-07-19 *The Vietnam War* is one of the defining conflicts of the twentieth century not only did it divide American society at every level the conflict also represented a key shift in Asian anti colonialism and shaped the course of the Cold War Despite its political and social importance popular memory of the war is dominated by myths and stereotypes In this incisive new text John Dumbrell debunks popular assumptions about the war and reassesses the key political military and historical controversies associated with one of the most contentious and divisive wars of recent times Drawing upon an extensive range of newly accessible sources *Rethinking the Vietnam War* assesses all aspects of the conflict ranging across domestic electoral politics in the USA to the divided communist leadership in Hanoi and grassroots antiwar movements around the world The book charts the full course of the war from the origins of American involvement the growing internationalization of the conflict and the swing year of 1968 to bitter twists in Sino Soviet rivalry and the eventual withdrawal of American forces Situating the conflict within an international context John Dumbrell also considers competing interpretations of the war and points the way to the resolution of debates which have divided international opinion for decades **Vietnam War** James H. Willbanks, 2013-01-08 *The Vietnam War* was one of America's longest bloodiest and most controversial wars This volume examines the complexities of this protracted conflict and explains why the lessons learned in Vietnam are still highly relevant today *Vietnam War The*

Essential Reference Guide provides a compendium of the key people places organizations treaties and events that make up the history of the war explaining its causes how it was conducted and its far reaching consequences Written by recognized authorities this ready reference volume provides essential information all in one place and includes a comprehensive list of additional sources for further study The work presents a detailed chronology that outlines the numerous battles and campaigns throughout the war such as the Tet Offensive the Battle of Hamburger Hill Operation Rolling Thunder and the Battle of Hue Biographies on Lyndon Johnson William Westmoreland Robert McNamara Ngo Dinh Diem and other major political figures and military leaders provide insight into the individuals who played key roles in the conflict while primary source documents such as President Nixon s speech on Vietnamization provide invaluable historical context
