about our concerns with predictable insight but do we truly understand what's happening to our planet Please don't believe in coincidences because they're not If you wish to know and understand whether we are now on the coalface of climate change please read my novel Before it's too late Keith C Payne **Before It's Too Late** Arnold Rosen,2009-09-03 They came from city and countryside and many walks of life Some were drafted many enlisted but the 47 veterans who are profiled in this book wherever they served and whatever they went on to after their military service have one noteworthy element in common they were patriots who put their lives on the line when needed and gave their support in World War II the Korean War and the Vietnam War They helped make history and a future for us all Mastering Life Before It's Too Late Robert J.
