Thoughts Matter The Practice Of The Spiritual Life:

Thoughts Matter Mary Margaret Funk, 2013-02-01 Cassian taught that real intimacy with God in prayer demands renouncing one's former way of life the thoughts belonging to that former way of life and one's very idea of God In Thoughts Matter Mary Margaret Funk focuses on the second of these renouncing the thoughts belonging to one's former way of life Her eight chapters focus on different thoughts food sex anger dejection acedia profound weariness of the soul vainglory taking credit for good actions and pride Funk explains well how failure to control these thoughts can undermine our spiritual life and she instructs readers on how effectively to overcome these thoughts and to focus instead on thoughts in harmony with God's will The result is an experience of joy hope and freedom from enslavement to our appetites Readers will come away enlightened strengthened and inspired to delve more deeply into a life of intimacy with God *Tools Matter for Practicing the Spiritual Life* Mary Margaret Funk, 2004-08-31 Funk turns to the wisdom of the desert fathers for the means of removing obstacles to spiritual growth which include thoughts of food sex possessions anger dejection and pride among other preoccupations Redirecting thought away from such weeds in the garden of the spirit can lead to a greater awareness of God This somewhat Zen like method to mental discipline may seem impossible at first Funk admits but those who succeed at it are rewarded with a liberating experience as they come to observe and control individual thought processes Drawing on the writings of the fifth century monk John Cassian Funk goes on to explore deeply using such tools as memory imagination and rational thinking tools right out of early Christianity to work on inner healing She also explains how other positive tools such as ceaseless prayer manual labor and isolation may lead to uncluttering the mind and purifying the heart Your Thoughts Matter George Goh, 2018-11-13 This book explores the power of your thoughts and how changing your thoughts can change your destiny Everything is created twice It is first a thought before it becomes a thing I have come to recognize and realize that the major stumbling block that prevents and obstructs most people from achieving the results they desire in their life is what lies between our ears that is our THOUGHTS In the final analysis this book reinforces the truth that our thoughts are powerful and that we are greater than our history circumstance and conditions We are the master of our own destiny Your Thoughts Matter Change your Thoughts and Change your Destiny **Paths Between Head and Heart** Oliver C. Robinson, 2018-08-31 **Paths Between Head and Heart** provides an accessible but comprehensive account of how science and spirituality relate not as enemies but as partners in the quest for a truth that is greater than either one can understand alone While many books have been written on science and religion not many have looked at how spirituality and science exist as complementary parts of a larger whole and how they relate specifically to the transitional challenges that define our era *Finding Happiness* Christopher Jamison, 2008-12-19 A jewel of a book Guardian His guidance is spot on Heaven knows most of us need all the peace we can get Daily Express What can a monk tell us about finding happiness in our complicated modern world A surprising amount is the answer Sunday Times Why is being happy such an imperative nowadays What

meaning do people give happiness Abbot Christopher turns to monastic wisdom to offer answers and to explain that in essence happiness is a gift not an achievement the fruit of giving and receiving blessings Blending self help and spirituality Christopher examines different aspects of happiness telling us what monastic wisdom has to say about them and offers us steps towards our own journey to finding happiness Anyone who enjoyed the surprise hit television series The Monastery should be delighted with Christopher Jamison's book Sunday Telegraph Lucid and insightful Friendly clever and original Tablet Generous with his insights but never self righteous smug or preachy I felt better for meeting him Judy Finnigan

Week by Week through the Seasons of Life John Edward Crean, Jr., 2023-06-13 Relevant challenging and accessible something to mull over Life is rhythmical with spiritual seasons each providing its own challenges and joys each calling for its own medicine Souls not just bodies need to be able to adapt refresh reboot and readjust to changing climates As we move through the seasons of life may God's healing power enter to bring us what we need This collection of meditations and reflective questions is designed to adjust with your needs for the season you are in With one meditation per week this book can be read and enjoyed topically or in the printed order The product of a rare author someone who is both as deeply grounded in Christian tradition as one can imagine but at the same time has the profound ability to touch others with insights of practical depth The Rt Rev Stacy Sauls Bishop of the Episcopal Church

Subversive Spirituality L. Paul Jensen, 2009-08-01 Subversive Spirituality links the practice and study of Christian spirituality with Christian mission It develops a twofold thesis grace spiritual disciplines and mission practices are inseparably linked in the mission of Jesus of the early church and of several historical renewal movements as well as in a contemporary field research sample and amidst the collapse of space and time evidenced by our culture's increasingly hurried pace of life more time and space are needed for regular solitary and communal spiritual practices in church mission and leadership structures if Christian mission is to transform people and culture in our time This requires a subversion of the collapsed spatial and temporal codes that have infected our Christian institutions Jensen employs methods and approaches from a variety of academic disciplines to explore both spirituality in terms of space and time and mission in terms of deed and word Specifically Jensen examines the spirituality and mission of Jesus the early church the apostolic fathers Origen the Devotio Moderna the early Jesuits David Brainerd and several women in 19th century Protestant missions He considers the spirituality and mission that have arisen within the postmodern generations born after 1960 Based on the theological historical cultural and field analyses of this study a model for spirituality and mission is proposed The model addresses the contemporary collapse of space and time and appears to have widespread applicability to diverse cultures and eras Jensen's model is applied to the pluralistic and postmodern milieu of North America with recommendations for spirituality and mission in church mission and educational structures A derivative model for teaching and practicing spirituality and mission in the academy which also has application for non formal leadership development structures is also proposed
