Commentary and Other Stuff Tom McCollough, 2011-05-18 This book is volume two of McCollough's memoir. Once the VIN YETS machine was churning out vignettes like a sausage factory, no one told him to stop writing. They were written to be read aloud at the Writers Group at the Saratoga Retirement Community. If well received by relatives and friends, Tom might publish *The Best of COMMENTARY AND VIN YETS*. Tom McCollough is a retired business man who worked for Ross Laboratories, the nutrition division of Abbott Laboratories. He was also a fellow in the National Program for educational Leadership. He and his wife Marian moved from Columbus, Ohio to the Saratoga Retirement in Saratoga, California in 2005.

Sound & Vision, 2007 **40 Remembered** Kay Appenfeldt, 2012-02-24 The efforts of a multitude of individuals who cared only that the Beaver Dam Senior Center existed are honored in these pages. This book chronicles how the people who created the events in these pages went about their work to keep the Beaver Dam Senior Center viable to the older adult in the community of Beaver Dam and surrounding areas. They voluntarily accomplished this with a strong sense of character, accomplishing those tasks without need for acclaim or recognition. The pages here reflect excellence in what volunteers can accomplish at a Senior Center and how those volunteers and their Directors built a Senior Center from the ground up and maintained it for 40 years. This is their story; this is their time to be recognized and respected for what they have done for the older adult population and their community. The Caretaker Douglas Kincaid, 2011-12-01 *THE CARETAKER* New Wave Reading Production Date 2019 *THE CARETAKER* is a modified screenplay created by Douglas Kincaid. His unique style of writing is new. It is designed specifically to allow his readers to enjoy a more personal relationship with his characters. The author has named this *NEW WAVE READING*. So come on in and meet everybody because your journey begins now. Sincerely, Douglas Kincaid. Impeccably crafted, *The Caretaker* plunges readers into a tale shrouded with mystery, complemented with a concoction of science fiction. The story begins with a startling discovery by real estate agent Mark Turner: six of their environmental research employees had been savagely murdered while working within the premises of the burial grounds, a property that he recently leased for the company. No one knows what exactly happened except that the ancient grounds are laden with stories and myths of spirits and paranormal activity. Apart from Mark Turner, readers shall be introduced to several characters that seem to leap out of the book's pages, literally and figuratively speaking. PC World, 2009 **The Perfect Vision**, 2007
